

# SEAHORSE DAILY STORY

Today we got to have a fun-filled day. We got to do plenty of outside play in the morning. Hanson liked interacting with the older children and was in the home corner area where they pretended to dish out yummy dishes in home corner. They shared different food items and plated them up. It was good to see the variety of age group get on so well and how imaginative they are.

Miss Aura noticed Yoonu was playing with the red fire truck and was racing around the yard.

Xin Yan loved her morning cuddles with the educators and we all enjoy giving them back to her.

We got to watch on as Hanson and Yoonu joined in with the older children on the obstacle blocks-they learnt how to use the stepping blocks and to be very careful, they also could use their words and say the colours of the blocks as well. What a great start to our day.

# Easter Confetti Sensory Box

We have continued with our Easter Confetti Sensory Box.

Hanson, Yoonu and Xin Yan got to this as a group activity. They all got to feel the different textures such as the coloured feathers, string papers, cotton wool, mini chicks and our mini eggs and Miss Jade even added in our big bunnies and eggs which felt like grass bunnies. Yoonu liked to put the mini chicks into the mini eggs, Hanson liked the feel of the big green grass bunny and Xin Yan was fascinated with the coloured eggs.

We have also started our Easter baskets as some children come different days.

Our story of the day was "The Great Big Egg Hunt." which Miss Aura read they liked to find the eggs in the books behind the pop up pages.

# Exploring Our Room

Miss Jade has let our children do free play, they got to choose the toys they intend to play with, Hanson, Yoonu and Xin Yan got all excited that they got to select their chosen toys.

We played with the wooden toys that Hanson chose. Yoonu wanted to get the Safari animals we built the gate and put our animals inside, we even put trees and rocks to give it a life like free Xin Yan wanted to have a turn as well and picked up a tiger. Xin Yan come along and helped Miss Jade with the babies we got to re dress them and gave them cuddles.

# Analysis of learning

L/O4– Children are confident learners– 4.1,4.2,4.3 and 4.4

L/O5– Children are effective communicators– 5.4,5.5

## Reflection of the day

We have started off with our Easter Baskets that we will continue to do next week. Our Easter sensory box has been an activity that our children have all enjoyed exploring.
