

JELLYFISH AND SEAHORSE DAILY STORY

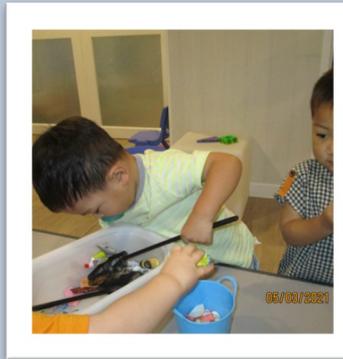

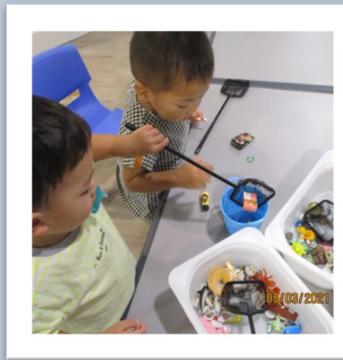

CLEAN UP AUSTRALIA DAY

CLEANING THE OCEAN

As today was clean up Australia day Miss Jade created an activity all about cleaning the ocean. In two small tubs she placed sea creatures, pebbles, Coles Little Shops and paper straws (representing rubbish). Mikayla, Nathaniel, Hanson, Yoonu and Marwin had to use one of the small nets to scoop the rubbish out of the ocean and to place it into the bin. While they were running the nets through the containers Miss Jade and Miss Briohny tried to show the children what objects were counted as rubbish and what objects in the bucket counted as natural materials found in the ocean. The children did a great job removing the rubbish from the ocean and placing it into the bin. When they were finished the ocean looked very clean.

WATER PARK PLAY

After morning tea this morning, we popped on our swimmers, sunscreen and hats and headed out to the water park. Miss Taylah and Miss Jade jumped on in with the children and got super wet, the children thought it was really funny. **Nathaniel, Yoonu, Marwin, Mikayla** and **Aria**, wandered around the water park, jumping, splashing and running all around. The was splashing out of the monkeys ears, the tigers and giraffes nose and from the top of the tree their wasn't much of an area where we couldn't get wet, but it was a lot of fun. The children engaged with each other through out their time in the water park.

Reflection of the day

The Jellyfish and Seahorse rooms joined together today as we had small numbers. We explored the big yard in the morning before morning tea, then off to the water park after we had morning tea. Once the children were finished at the water park they wandered back inside and explored Miss Brihony's experience set up for the day. The children that weren't interested in the experience we opened up the door to allow indoor/outdoor play.
