

Sharks and Whales daily story

- Wednesday, March 24, 2021

Today the children learnt the song *Rabbits Have Bright Shiny Noses*, which is a funny song about a rabbit's powder puff (tail) being on the wrong end.

Some of the children then had a go at gluing a fluffy ball onto a picture of an Easter rabbit before colouring the picture in.

Ellie put so much effort into her piece of artwork, carefully gluing on decorative coloured shape pieces.

Philip coloured in his sheet with a blue pencil as Carter added the colour red to his.

Lucas used purple and green to add colourful hues to his sheet.

Great work everyone!

The children helped each other out so much today with puzzles, building and more.

Carter and Hakim were working together to put a dinosaur puzzle together. They had so much fun putting the pieces together, as soon as it was finished, they pulled it apart and started again! Ellie later joined in on their fun.

The children have also been practising taking turns when we water the seedlings and counting how many sprays of water go into each.

This kind of co-operative work together is so great to see.

Many friendships are blooming amongst the Whale and Shark students.

Analysis of learning

- 1.2.3 Being willing to keep trying
- 1.1.2 Developing a sense of confidence and belonging in others
- 2.1.1 Connecting with and relating to others
- 3.1.2 Developing resilience

Reflection of the day

It's so wonderful to see children trying their hardest when completing artworks as it takes patience and creativity.

The children are not only becoming more able to work independently but are also having lots of fun working to help each other out.
