

STINGRAY DAILY STORY

OUTDOOR FUN

When the children arrived this morning we decided to play in the big yard. Miss Taylah worked alongside the children to build using the large connector blocks. Using the blocks they made a house. On the veranda Nathaniel did some painting using water on the concrete while Keaston played with the cars and the track at the table. Hanson used his gross motor skills to ride the scooter and Spencer and Olivia took turn going down the slide. Samik spent some time sitting in the boat and pretended to drive around. The children had a busy morning outside with a variety of activities.

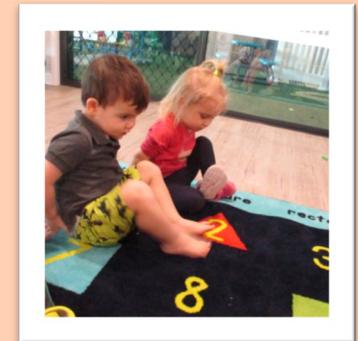

Written by Miss Briohny

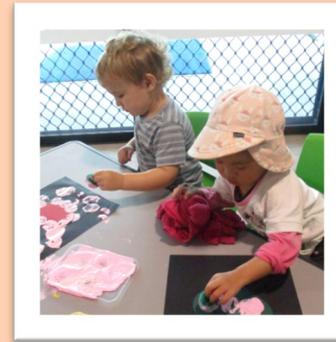

YOGA WITH MISS MEG

Today Miss Meg came to our room to do Yoga with the children. Sitting together on the mat we joined Meg as she sang our greeting song, following the actions before moving like the sun, coming up in the morning and going down at night. Next Miss Meg read the children a story and while looking through the story the children and Meg did Yoga poses in different animal positions. They first did butterfly legs, downward dog as well as stretching. To finish off with Yoga the children laid nicely around the mat and listened to some relaxing music. Miss Briohny is going to look for her Yoga cards so we can practice our yoga for Wednesdays.

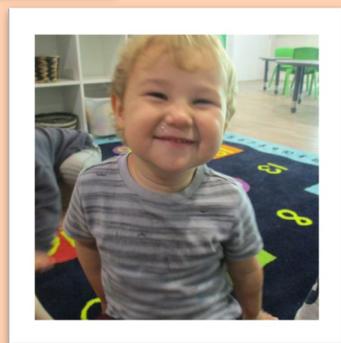

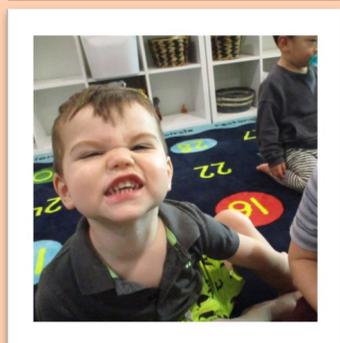

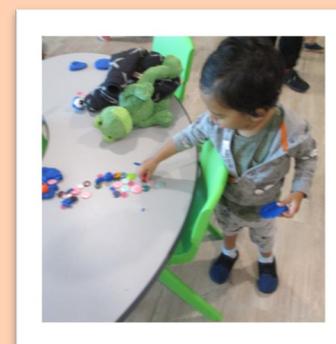

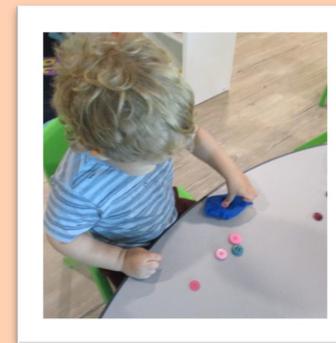

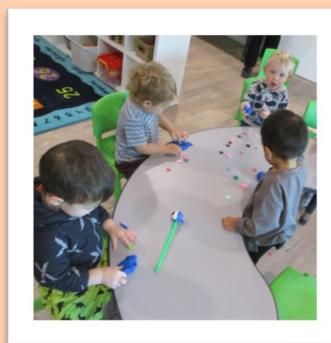

ARTS AND CRAFT

We continued our Mother's day art this morning for the children who weren't here yesterday, as well as finishing our handprints for Mr Shane. Once we had finished catching up on our art the children engaged in heart stencil painting. On a piece of black paper Miss Briohny placed a coloured heart in the middle of the paper. Providing the children with pink and yellow paint they used pom poms to stamp the paint around the paper, covering the heart. Once our art is dry Miss Briohny will remove the heart shapes to see the result of the painting. Tomorrow we will continue to work on our Mother's day cards so they are ready for next Week.

Blue playdough and buttons were a hit for the children this morning. Sharing the playdough out the children used their fine motor skills to roll and press the playdough into the shapes they had in mind. Using the buttons they were able to press them into the playdough to create impressions as well as decorating their playdough designs. While working with the playdough the children were able to strengthen their fine motor skills and their hand-eye coordination.

Miss Briohny brought in some emotion change octopuses recently for the children to us to help with our emotional wellbeing and regulation. Sitting in a group on the mat Miss Briohny showed the children how the octopus has a happy face or a sad/angry face. Looking at the octopus we talked about how we were feeling today. Some of our friends were a little sad and the others were happy. Miss Briohny asked the children to show her their happy or sad faces, Spencer did a great job looking up set while our happy faces were full of bright smiles.

Analysis of learning

LEARNING OUTCOMES ACHIEVED: LO1, 1.1, 1.2, 1.3, LO2, 2.1, LO3, 3.1, 3.3, LO4, 4.1, 4.4., LO5, 5.1, 5.2, 5.3

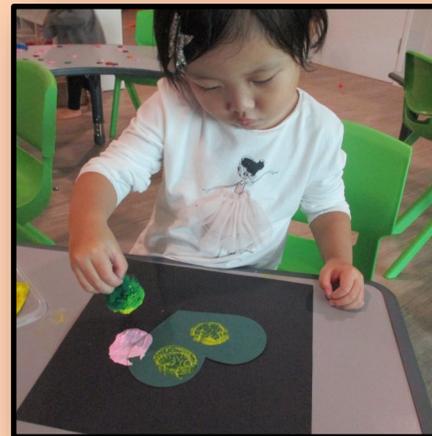

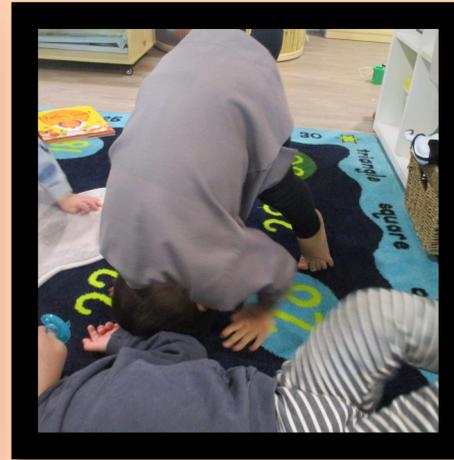

Reflection of the day

Miss Briohny and Miss Taylor were super proud of Nathaniel at lunch time today for eating all of his sandwiches as well as Samik for using his self help skills to feed himself. The children are slowly getting use to being in the big room and the new routine. They are enjoying the larger variety of toys to play with as well as being able to play in the big yard.
