

# STINGRAY DAILY STORY

The children enjoyed outdoor play this morning as Miss Hannah set up some water play in the small water trough. Using the different jugs the children scooped the water up before pouring it back in to the trough. Some of the children poured water from one jug to another. They also enjoyed climbing along the obstacle course, balancing over the beams and the ladder. Physi kids came this morning and some of the children joined in with the older children and danced along to the music and tried to join in with the different activities.

# ARTS AND CRAFT

We continued with our Mother's day topic today by working together to create a group art work. Using recycled styraforme we made some heart stamps. Pressing them into red, pink, purple and white paint we transferred them to the big paper to create our designs. Pushing the stamps into the paper the children were able to transfer the heart shape onto the paper in different sizes. Some of the children used the stamps to rub the paint onto the paper to create smears instead of hearts. Azal-ea also created her Mother's day card today as she was away yesterday.

# CHILDREN'S CHOICE

As the children are still getting use to the new room they are exploring the different activities and seeing what they like. Azalea, Hanson, Yoonu, Violet, Sai and Spencer used the connectors to do some construction. Mikayla found the tool kit and pretended to work like daddy does. In the book area Miss Taylor read a story to Azalea, Samik and Nathaniel, while Olivia and Mikayla sat in the book cubby.

# MUM TO BABY

Miss Taylor, Samik, Violet, Nathaniel, Spencer and Azalea engaged in the mum to baby animal matching activity. Looking through the cards around the table Miss Taylor and the children identified the different animals before working together to match the baby animals to the mums. This activity encouraged the children to use their recognition skills to identify the different animals.

# GROUP TIME

During group time Miss Briohny and the children sat together around the mat. Today we focused on learning our numbers 1 to 5. Showing the children the number card Miss Briohny used the small colour sensory bottles to show the children amount for each number. We will continue to look at our number recognition, using different objects to show the numbers in a way the children can understand.

# Analysis of learning

**LEARNING OUTCOME ACHIEVED: LO1, 1.1, 1.2, .1.3, LO2, 2.1, LO3, 3.1, 3.2, LO4, 4.1, 4.4, LO5, 5.1, 5.3**

## Reflection of the day

**THE CHILDREN HAVE STARTED BECOMING MORE COMFORTABLE IN THE ROOM CHOOSING A VARIETY OF ACTIVITIES TO ENGAGE IN. WE CONTINUED WORKING ON OUR MOTHER'S DAY ART TODAY SO THAT IT IS READY FOR NEXT WEEK. WE ALSO STARTED LEARNING ABOUT NUMBERS TODAY STARTING WITH 1 TO 5.**
