

Starfish Daily Stories

The Three Little Pigs

Today we explored the three little pigs. First we read the book that we could push, pull and slide the taps to bring the book to life.

We then used the book as reference and did sensory play. The children explored the bark and strew rubbing it between their hands and on the ground. This was a great way for the children to explore different textures.

We then glued the item onto paper to build our own house to hide from the wolf.

Indoor fun

This morning we played out in the jellyfish and seahorse yard. We explore the soft climbing frame and did someone play cooking with the older children.

Alina and Timothy explored the different texture balls on the mat using their hands and mouths.

We worked on our fine motor skills with the puzzle trying to place them back into the first ones. We looked at the different animals on the puzzle and sang old MacDonald had a farm using the animals on the puzzles.

Maddie, Alina and Timothy also played some musical interment on the mat all together. They all seem to enjoy the rattlers as they made the most sound.

Analysis of learning

LO 3.2 – Children take increasing responsibility for their own health & physical well-being

LO 4.2 – Children develop a range of skills and process such as problem solving, enquiry, experimentation, hypothesising, researching & investigating

LO 5.1 – Children interact verbally & non-verbally with others for a range of purposes

Reflection of the day

We also would like if you could sent a photo of you and your child/ren with their mother, aunty or grandmother/nan for our mother's day display.

The texter balls seem to be a hit with the children something add more of and different sizes for them to explore.

The three little pigs book and natural sensory activity them to seem to enjoying playing with the strew and bark with their hands.
