Sensory Bags!

Miss Taylah made up six different coloured bags with water and oil for us to explore. There was a green, blue, yellow, orange, red and purple sensory bag, **Zaidyn** and **Weixuan** were the first to explore the sensory bags with Miss Taylah, pushing their hands down onto the bags and watching the water move around quickly. **Amelia** arrived and came straight over to explore the bags with her friends. **Amelia** moved from one bag to the other. **Amal** was very curious about the sensory bags, she quickly joined Miss Taylah and pushed the water around, as she explored each of the sensory bags, she talked about the different colours she could recognize with Miss Taylah. **Harvey** and **Jayden** decided to check out the sensory bags and see what all the fuss was about, they both showed excitement as they felt the water inside the bag move from underneath their hands. **Jayden** and **Harvey** continued to explore the sensory bags side by side.

Indoor Play

Today the children had the opportunity to play both in and outside miss Taylah opened up the big side door so the children could decide where they would like to play.

Zaidyn, Amelia, Aria and **Amal** all had great fun playing in home corner today **Zaidyn, Aria** and **Amelia** cooked up a storm whilst **Amal** enjoyed taking care of the babies.

Jayden, Weixuan, Hannah and **Olivia** enjoyed our book corner **Olivia** and **Hannah** read books with miss Vivian and **Weixuan** and **Jayden** enjoyed trying to read all by themselves the children especially enjoy our books with pull tabs and different textures in them.

Harvey enjoyed playing with the magnetic wooden spaceship toy as well as the small wooden alphabet blocks with his friends **Hannah, Olivia** and **Amelia**. The children enjoyed stacking them up and watching as they would fall over.

Outdoor Play

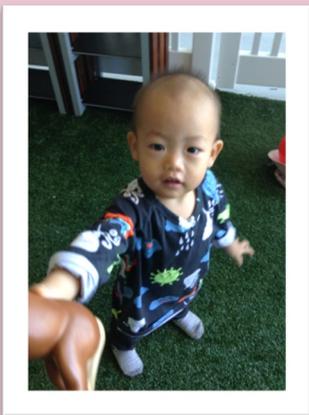

We had lots of fun things to do in our yard this morning! Miss Taylah had set up a very exciting obstacle course for us to build up our gross motor skills and have some fun!

Weixuan and **Harvey** build up their confidence and tackled the obstacle course, **Weixuan** was first to climb up onto the obstacle course, at first he was a little wobbly and not so sure but with the encouragement from his educators and peers around him, he was able to climb up on his own, once he was on the obstacle course, **Weixuan** showed his educators how proud he was of himself with a big smile. **Harvey** hopped onto the obstacle course after **Weixuan**, as he was climbing up he dropped his bunny, **Harvey** reached down and grabbed his bunny, making sure he held onto him tight as he made his way across the obstacle course all by himself.

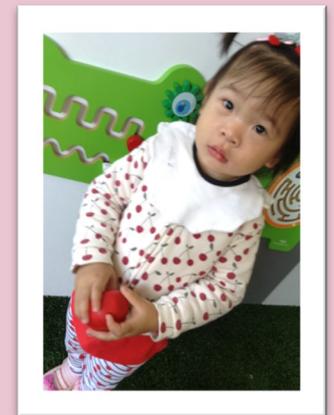

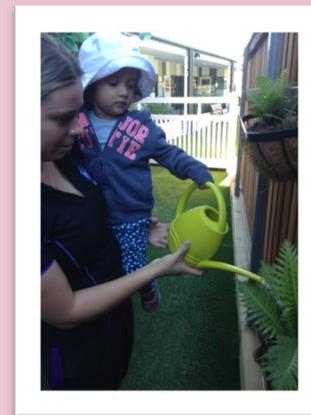

Amal, **Harvey** and **Zaidyn** helped Miss Taylah water our little gardens in our yard, they helped her fill up the watering can and water all of our plants. They had so much fun helping our little garden grow.

The children all loved playing outside having lots of fun exploring the different experiences set up around the yard. Miss Zoe had set up the speaker for all of our friends to do some dancing, Miss Taylah and Miss Vivian hopped up and danced to baby shark, lots of wiggles song and so many more.

Some of our friends enjoyed riding the bikes around the yard, racing each other as well as playing on the stepping buckets. **Aria** and **Archie** enjoyed playing over in our outdoor home corner, playing with all the different foods as well as the animals that Archie had found on the table.

Gross motor skills
Communication
Colour recognition
Feeling a sense of belonging
Settling in

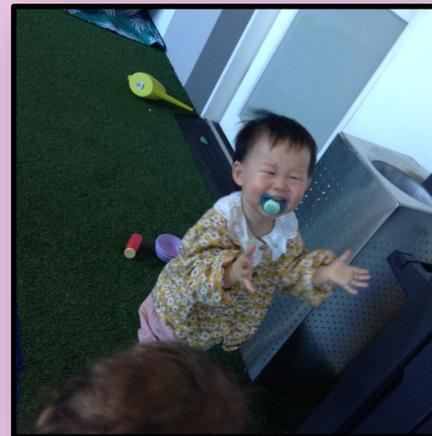

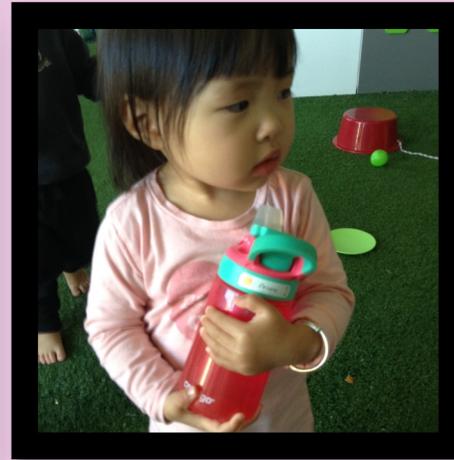

Reflection of the day

We had a busy day with all 12 of our friends arriving in the jellyfish room. They enjoyed the fun experiences that were planned as well as the spontaneous play.

Some of the children had the courage to explore the obstacle course that was set up outside, some of the other children weren't 100% sure on the obstacle course but enjoyed the other experiences and toys set up outside.
