Messy Bubble Play

What a fun and messy was to start our Wednesday morning, Miss Taylah used the electric beater in the bottle prep area, to mix together dishwashing liquid, water and a little bit of food colouring. **Jayden, Harvey** and **Zaidyn** watched by the door as Miss Taylah mixed it all together, listening to the loud noise. Miss Taylah made blue, red and purple bubble foam and added it to a large tray, once it was all ready she placed it on the table ready for the children to explore, **Zaidyn, Harvey** and **Jayden** jumped straight into the messy play together, feeling around the soft, soapy bubble foam with their hands, getting in and making a big mess. Our friends **Eleanor, Ethan, Isabella, Ella, Ayden** and **Hannah** weren't really sure about today's messy play and were a little unsure but were happy to explore the rest of the room and toys we had out on the mat.

Spontaneous Play

Today **Hannah, Isabella, Jayden, and Eleanor** all enjoyed playing with the sticky bricks building all sorts of great creations. **Isabella** especially liked playing with the yellow and blue sticky bricks while her friends had fun using every colour they could find.

Harvey had a lot of fun in book corner reading books to himself and reading books with miss aura and **Ayden** he seemed to really enjoy the books with tabs finding all the different hidden images.

Zaidyn enjoyed having a go at everything today from playing with sticky bricks, playing with the wooden cars and enjoying a book he had a lot of great fun today.

Ella enjoyed looking at our family wall and seeing all her friends family's she also enjoyed the wooden cars.

Ethan enjoyed the Lego and sticky bricks as well as the xylophone he had a lot of fun making such great music for all to hear.

Jayden, Ethan and Harvey also had a lot of great fun playing in home corner cooking each other yummy meals and pretending to eat the food all up.

Reflection of the day

We had a busy day with most of our friends back. Some of our friends were a little emotional as they had had some time off over the past couple of weeks but some cuddles from their educators helped them feel settled within the room.
Not all of the children showed interest in the daily experience but were happy to continue exploring the room.
