Let's build up our gross motor skills!

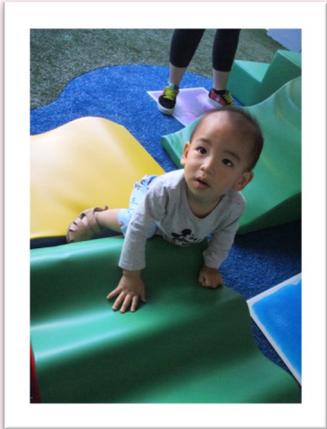

Miss Taylah set up the large soft obstacle course in our yard this morning to help us build up our gross motor skills! This obstacle consisted of climbing up the steps, sliding down the slide, crawling or walking across the long foam blocks and crawling through the tunnel at the end!

Miss Taylah has set up it all up while the jellyfish children were still inside, so it was a big surprise when they raced outside. **Harvey** and **Archie** were the first to start climbing, they raced each other up the steps and slid down the slide at full speed. **Jayden** and **Olivia** jumped in for some fun, look at that cheeky smile **Jayden** had while he crawled through the tunnel. **Jaqueline** opened up a lot when she saw the obstacle course, it caught her eye straight away, she climbed up the steps as quickly as she could and used her balancing skills to climb across the foam blocks. **Ariana** wasn't 100% sure about the obstacle course but she still had a little go at climbing up the steps. **Eleanor** arrived just after Miss Taylah had set up the obstacle course, once she said goodbye to mum, she raced up the steps and slid straight down the little slide.

The children showed a great interest in today's obstacle course, and had a lot of fun using their gross motor skills and learning how to balance on the foam blocks.

Indoor Play

Today **Ariana** enjoyed playing with the wooden alphabet blocks with miss Taylah she had fun stacking them up like a tower.

Jaqueline had a lot of fun playing with the colorful shapes puzzle she enjoys pulling the different pieces out and then placing them back in the correct spot and was talking to miss aura all about it as she was playing.

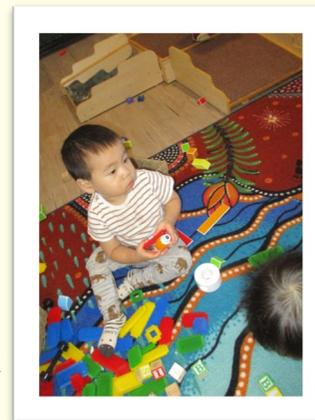

Hannah and **Harvey** enjoyed playing with the sticky bricks they had a lot of fun connecting the different colorful pieces together and coming up with all sorts of creations.

Ethan and Archie had a lot of fun playing in home corner today **Ethan** enjoyed pretending to cook dinner for himself and for **Archie** whilst **Archie** enjoyed playing with the babies making sure they were all cozy in their cot.

Jayden and **Harvey** had fun playing and building with the magnetic blocks they built a lot of great things where as **Archie** enjoyed playing with the magnetic sticks sticking them all together to make one long stick he was very pleased with his creation.

Olivia had fun playing with the wooden blocks and stacking rings today she also had fun playing on the indoor obstacle course.

Analysis of learning

Gross motor skills
Fine motor skills
Building relationships
Feeling a sense of belonging
Recognition

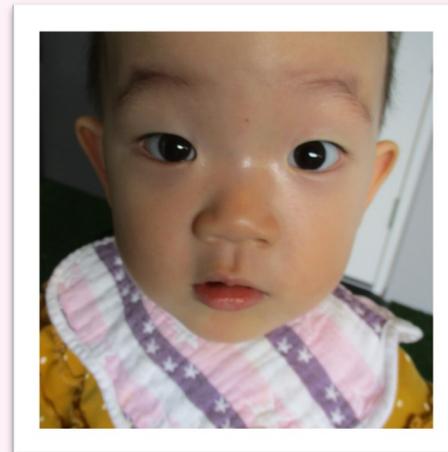

Reflection of the day

The Jellyfish children had a really good day today, they showed a great interest in the planned experience and really enjoyed what they were exploring.

We wish our friend Jayden the very best for his future and we are going to miss him dearly.
