

Starfish Daily Stories

Waterplay

Maddie and Alina enjoyed the most part of the morning playing in the water.

The tub was filled with warm water both Maddie and Alina were placed in to explore with just water. Maddie used her hand to splash the water around, getting her and Alina wet.

Balls were then placed into the tub with them. Alina seemed to enjoy the yellow ones as they had a different texture than the blue balls. We would throw the balls up so when it splashed it hit the water. Maddie used the slide on the tub and was a little unsure about it as she had a little cry after. Alina was a lot more mobile with the water under her and was moving around a lot.

We also went and had a little play in the water park but didn't seem to like it, so we headed back to the tub and added sea animals for them to explore as they splashed around.

Indoor Play

While indoors today, we had so much fun doing so many different things. Miss Jayah got out the bubbles and Maddie and Alina tried to pop them and were watching them as they floated around the room. We also read the story 'Time for Bed' which the children were very intrigued with. We continued to look at the pictures of the book of themselves throughout the day. Alina also tested out the car, testing out the horn a lot, using her gross motor skills to stay sitting in the car. They also played with the shapes developing their fine motor skills by moving them around.

Analysis of learning

LO 1.1 – Children feel safe secure and supported

LO 4.3 – Children transfer & adapt what they have learned from one context to another

LO 5.1 – Children interact verbally & non-verbally with others for a range of purposes

LO 5.2 – Children engage with a range of texts & gain meaning from these texts

Reflection of the day

The children seem to enjoy the water play and added balls and sea animals into the tub with them added different textures to the activity as well. As we come into winter will have to more the waterplay inside and on a smaller size of things.

Please email through a photo of our mums and their children to be displayed for mothers day :)
