

# STINGRAY DAILY STORY

During outdoor play this morning Nathaniel and Hanson did some gardening with Miss Briohny. Using a pen we made a hole in the soil in the planter before picking up the seeds and dropping them into the holes. Once we had put all the seeds into the holes we used our fingers to brush the soil over the holes. We also enjoyed outdoor play before lunch today. Marwin and Hanson enjoyed playing in the sandpit. Using one of the small shovel Marwin filled up one of the dump trucks and moved the sand around the sandpit while Hanson used one of the big shovels to fill a bucket. Samik and Yoonu also spent some time riding the bikes. As Samik was having trouble reaching the peddles and the floor, Nathaniel helped him by pushing the bike around the yard. What amazing team work and helpfulness.

# OUTDOOR

Samik and Xin Yan finished working on their Mother's Day craft this morning. Using one of the paint brushes they covered their present with glue before sticking on some beautiful rhinestones. While working with the rhinestones they used their fine motor skills to grasp them between their fingers before pressing them onto the present.

Hanson, Xin Yan, Samik, Nathaniel and Violet joined Miss Taylor at the table to participate in the Mother's Day Matching activity. Looking at the cards around the table they used their recognition skills to identify the cards that looked the same. Once they had identified the cards they picked them up and matched them together. Hanson did a great job matching the cards and was able to do so without any assistance. Miss Taylor worked with the children and talked about the different pictures on the cards and assisted the children in matching them together.

The children had a busy morning this morning playing with the sensory blocks. Yoonu and Xin Yan looked at each other through the different coloured blocks. Samik also selected one of the mirrored blocks and looked at his reflection through the mirror. Hanson and Violet demonstrated their imagination as they used the blocks and pretended they were phones. Hanson was talking to mummy, while Violet was talking to mummy and daddy at the same time. Violet and Nathaniel also used the blocks to create a couple of towers. They used their problem solving skills in the form of trial and error to stack the blocks on top of each other so they wouldn't fall over.

We would like to wish a very Happy  
Mother's day to the mums in the  
Stingray room and we hope you all  
have a lovely day on Sunday.

HAPPY  
*Mother's*  
DAY

# Analysis of learning

LEARNING OUTCOMES ACHIEVED: LO1, LO1.1, LO1.4, LO2, LO2.1, LO2.4, LO3, LO3.1, LO3.2, LO4, LO4.1, LO4.4, LO5, LO5.1, LO5.2

## Reflection of the day

We had an indoor outdoor day today with the children enjoying outdoor play before lunch. During outdoor play we planted our bean seeds into the planter. Miss Taylor and Miss Briohny were super proud of Samik today as he fed him self his whole vegetarian sub.
