

STINGRAY DAILY STORY

The children were busy during outdoor play this morning, from running around the yard, climbing on the play grounds and the obstacle course. In the sandpit Yoonu and Azalea used the shovels and rakes. Yoonu selected one of the small shovels and used it to fill the bucket up with sand while Azalea used the rake to rake up the Sand. Olivia, Spencer and Mikayla enjoyed playing on the smaller playground. Climbing up the tree stumps the reached the platform before taking turns sliding down the slide. Spencer showed the girls how he likes sliding down on his stomach. Keaston demonstrated his gross motor skills and balance as he climbed over the obstacle course.

OUTDOOR

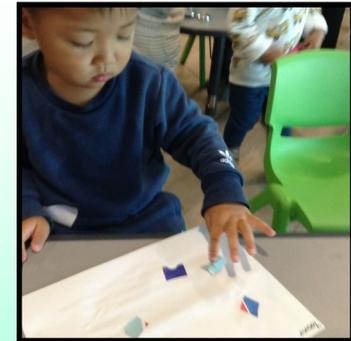

WRAPPING PAPER COLLAGE

We continued making art this morning by using glue and wrapping paper. Everyone decided to make a wrapping paper collage this morning.

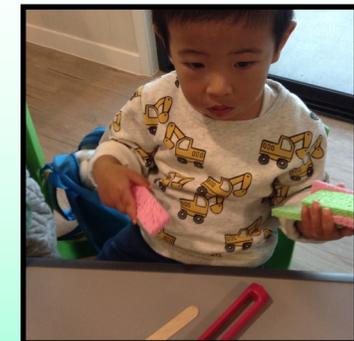

Once the children had put enough glue on their page they looked through the tray at the different coloured wrapping paper. Once they decided what they wanted to work with they grasped a few pieces between their fingers before spreading them out across their paper. Some of the children chose to use a small amount of wrapping paper while others decided they were going to use each of the different colours and try to cover their paper. While working on their collages the children are strengthening their fine motor skills while also working to express their creativity and to explore their creative thinking.

LOOSE PARTS BOX

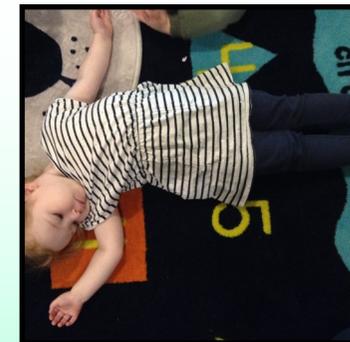

Miss Briohny put a bucket on the table this morning full of different loose parts, from straws to sponge pieces and small cotton reels. This activity allows the children to work with the small parts in any way they can imagine as there is not set design. While working with the materials Olivia selected to work with the sponges, selecting one at a time she pretended to wipe the table before stacking them on top of each other. Marwin created a sandwich using the different coloured sponges. While Spencer and Nathaniel worked to stack the small coloured blocks and cotton reels on top of each other to create different towers. Olivia also selected one of the tubes and used it as a trumpet. The children enjoyed exploring through the different materials and being able to express their creativity in a variety of ways.

YOGA

Miss Meg came back today to take a yoga session with our little Stingrays.

To start our yoga session the children sat together on the mat with Miss Meg and they sang their welcoming song. The children love starting with this song as they get to hum before they finish. Next they move onto their sun song where they have to stretch up high. The children then did some relaxation as they all laid on the mat together. Then in was into their marching song before finishing the session with a story about a mouse.

INDOOR

The children explored their self-identity today as they looked at their reflections in the mirrored stacking stones. They also showed the mirrors to their friends, so that they could see their reflections in the mirrors as well. Some of the other children demonstrated their construction skills as they were able to stack the stones one on top of the other until they created a tower. While stacking the blocks they had to use their problem solving skills to discover how to keep each of the stones stacked with our falling over.

Miss Alaura, Spencer and Keaston sat together at the book area reading some of the stories this morning. Keaston also joined Yoonu in enjoying some solitary reading time. In the cubby Azalea and Mikayla played together as they looked after the little babies. Using the cushions they laid the babies down and pretended to put them to sleep. On the mat the children chose to have the Lego's out. Reaching into the bucket they enjoyed making a lot of noise by mixing the blocks together. Mr Owen also brought in some linking people for the children to play with today. Looking at the people the children used their recognition skills to identify the images on their shirts as well as identifying who the people resemble.

Analysis of learning

LEARNING OUTCOME ACHIEVED:

LO1, 1.1, 1.2, 1.3, LO2, 2.1, LO3, 3.1, 3.2, LO4, 4.1, 4.4, LO5, 5.1, 5.3

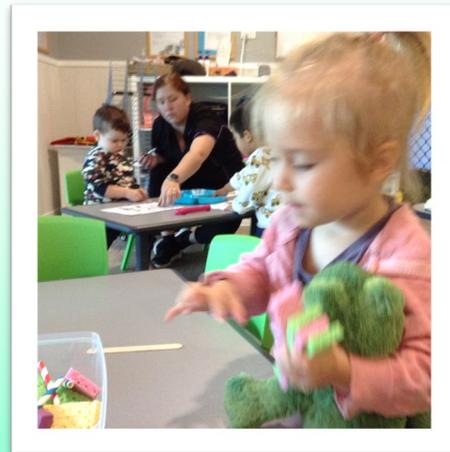

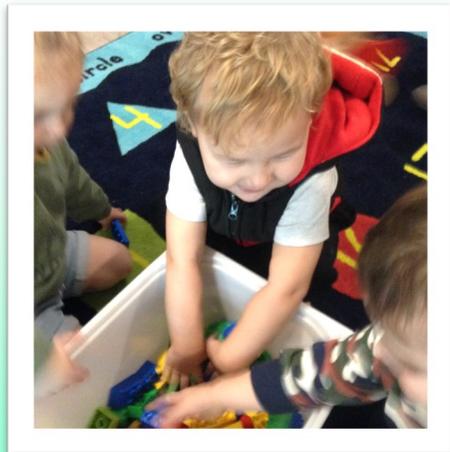

Reflection of the day

THE CHILDREN HAD A BUSY DAY TODAY. DURING OUTDOOR PLAY THEY SPENT THE MORNING PLAYING IN THE SANDPIT AND ON THE PLAYGROUNDS. WHILE IN THE ROOM THE LOOSE PARTS, LEGO AND MIRRORED BLOCKS WERE A BIG HIT WITH THE CHILDREN. WE ALSO HAD YOGA WITH MISS MEG TODAY BUT WERE A BIG DISTRACTED SO WE ONLY HAD A SHORT SESSIONS.
