

# Jellyfish's Daily Learning Story

17/05/2021

## Group Time with Miss Aura!

Today for group time we sat down with Miss Aura and read the book titled **The Lion Inside**. This book is about a little mouse who was sad about never being noticed and wanted to be just like the lion. But once he met the lion and seen how at first he was scared of the little mouse until the little mouse told him he wanted to be friends that he himself did have a little bit of lion inside and became happy with who he was.

**Amal, Tabitha and Archie** really seemed to enjoy the book they loved listening to Miss Aura read and seeing the pictures of the different animals. **Archie** would move in closer to get a good look and point at the different animals in the book and help to point out the tiny mouse in the grass. **Amal** loves reading too she came right up to sit on Miss Aura's lap and listened very carefully to the story. After we finished our group time **Amal** went and grabbed a few more books for Miss Aura to read to her and her friends whilst Miss Zoe went to get art supplies to do art work about the book. **Tabitha** enjoyed sitting by Miss Zoe whilst she listened to Miss Aura reading the book and was just happy to sit back watching as her friends interacted with Miss Aura pointing at animals as well as babbling to Miss Zoe about the story.

# Lion Painting!

Following on with the theme of Lions from the story in group time, us educators thought it was be a brilliant idea to create a lion.

Miss Zoe ran up stairs to get the essentials we needed, we used the colours yellow and brown as the lion in the story were those colours. We used brown paper and yellow cupcake liners to indicate the lions mane. To finish of the children's lion masterpiece, we added some googly eyes to truly represent a lions face.

**Amal** was so excited to create the lion from today's story. She showed Miss Zoe how clever she is when it comes to painting, **Amal** always sticks to within the paper whenever she does painting in the Jellyfish room!

**Archie** was extremely eager as well, he loves to paint all over the paper covering the brown paper with the yellow paint extremely well.

**Tabitha** favourite part when creating the lions face was sticking on the yellow cupcake liners for the lions mane as well as sticking on the googly eyes.

All the children really enjoyed creating the lions face in todays arts and crafts!

# Inside Play

After having some group time today we had some spontaneous play. **Tabitha, Eleanor, Archie** and **Amal** all enjoyed reading books, doing puzzles, and playing with the wooden magnetic zoo animal blocks. **Amal** was showing Miss Zoe the different coloured puzzle shapes when Miss Zoe would ask her where each colour was then she would place them back into the correct spot. **Tabitha** sat with Miss Aura and played with the magnetic zoo animals putting them together and then enjoyed going off to read some books close by her friends she seemed to really like the sensory books the most feeling the different textures in them. **Eleanor** arrived when Miss Aura was reading some books to **Amal** and **Archie** she was happy to come and sit down with us to listen to her educator reading as well as grabbing her own books to read by herself. Afterwards she enjoyed playing with some of our wooden toys she had so many to choose from and really enjoyed herself. **Archie** had fun playing with the magnetic sticks and balls making some fun creations afterwards he walked over to home corner to grab a baby doll and walked around the room with it and would show his educators the doll and say “**bubba**” archie really enjoys playing with the baby dolls and loves it when Miss Aura and Miss Zoe interact with him as he plays with the doll giving it cuddles and holding it gently.

# Reflection of the day

Today was a very calm and quiet day in the Jellyfish room. With a smaller class today us educators were able to build a stronger bonds with all the children. The children are really enjoying our daily routine of story time in the Jellyfish room. They also really loved creating the lions face after group time this morning. Today was the perfect day to start off this busy week!
