Outside Play

There was lots of exploring happening this morning in the Jellyfish yard, **Ayden** and **Harvey** were having so much fun in home corner, grabbing lots of different fruits and vegetables making a delicious pretend fruit salad! Look at the smile on **Ayden's** face when Miss Zoe started to sing the fruit salad song!

Tiffany pushed the little dinosaurs around the car mat, broom, broom and raah go the dinosaurs on wheels. **Eleanor** was racing around on the pink bike, beep, beep goes **Eleanor**. **Jacqueline** and **Isabella** enjoyed the quiet area filled with different books to read, the textured dinosaur book was the one that caught their attention, they sat together and flipped through each of the pages. **Ethan** climbed all over the foam obstacle course, he was showing Miss Zoe how brave he was doing it all on his own, **Ayden** joined in on the climbing fun!

After story time this morning, the children explored the classroom playing with the various toys that we have scattered around the room.

Hannah and **Isabella** were very happy and cheerful after Isabella got dropped off. Both smiling and giggling at each other as they played on the carpet with the toy blocks.

Jacqueline and **Tiffany** were busy showing Miss Alaura how to build towers with the toy blocks that have little balls inside them. They would build it up and up until it couldn't stand up anymore.

Olivia was playing peek-a-boo with Miss Zoe hiding underneath the wooden obstacle course. When Miss Zoe would say **Olivia...** she would peak her head out from underneath the tunnel and let off a massive giggle.

Archie and **Ethan** were happily exploring the classroom finding many different toys to play with. **Ethan** and **Archie** are building a strong bond with one another always playing and sharing their toys together.

Eleanor and **Harvey** arrived a little later this morning, when they walked into the Jellyfish classroom they both gave Miss Zoe and Miss Alaura heaps of cuddles and played with the magnetic toy sticks.

Ariana was confidently sitting on the carpet by herself playing with the many different toys scattered along the carpet. At first, she was playing with the blocks with **Hannah** and **Isabella** then she started playing with the colourful puzzles we have in our classroom.

Inside Play

Group time with Miss Zoe!

We started our morning off with a small group time with Miss Zoe. After morning tea everyone gathered over to the mat Miss Zoe ready to read this weeks interest book "Where is the green sheep?". Everyone sat down and listened to Miss Zoe as she read through all of the pages. Once Miss Zoe had finished reading the "Where is the green sheep?" book, **Archie**, **Olivia** and **Tiffany** decided they still wanted to continue on reading some books. They grabbed some of the books off of the book shelf, sat down and flipped through the pages. **Archie** went up to Miss Alaura and prompted her to read him the story, he sat down, up close, observing and listening to everything Miss Alaura was reading and all that he could see as the pages flipped over.

The Jellyfish children are learning this new routine of a morning group time really quickly and are showing such a great interest in the story.

Reflection of the day

In the jellyfish room today, the children were settled and enjoyed having a small class to begin our morning. Once all of the children were here they had all sat down with Miss Zoe for their new morning routine group time. They are showing a great interest in the story book. They are sitting quietly and learning quickly.
