# Group time with Miss Taylah

Continuing on with getting in the routine of group time after morning tea, Miss Taylah gathered all of the Jellyfish children onto the mat to get ready to read our "Where is green sheep?" book. Miss Taylah read through the whole book while the Jellyfish children sat down patiently and listened to the story, some of the Jellyfish children sparked an interest in reading some books on their own. **Weixuan, Eleanor, Jacqueline** and **Tiffany** grabbed themselves a book and started to flip through each of the pages, **Tiffany** and **Eleanor** babbled on as they turned the pages. The rest of the Jellyfish children, happily sat and listened to the story, **Archie** continued to say "Gone" each time Miss Taylah would ask where the green sheep was hiding, **Ethan** was very interested as well, getting up and close to the pages.

Is there any special books that are families are reading at home that they would like us to explore in the Jellyfish room?

Each week we are going to choose a focus book and create art, sensory and play out of the books we focus on each week. Please let Miss Taylah, Miss Zoe or Miss Aura know if there is any special kind of book that your children are really interested and we will explore it in the room!

## Creating Green Sheep

After reading "Where is the green sheep?" with Miss Taylah, we opened up the door for the children to enjoy indoor/ outdoor play, we also decided to change it up a bit and do some painting outside in the fresh air. **Olivia** was very eager to start her painting, she grabbed the art smock and tried putting it on herself, unfortunately she wasn't able to get her arms through by herself, she prompted Miss Zoe for a little bit of help to get it

on, once it was on, she sat down and started her painting. **Weixuan** was next and also

couldn't wait to start his painting, as he softly brushed his paint brush across his paper,

he placed a cotton ball down. **Chloe** waited patiently for her turn, at first she wasn't

100% sure on the painting, but once she had felt the cotton balls, she started to squish

them in her hands and place them on top of the green paint, she showed Miss Taylah and

Miss Zoe how proud she was of herself. **Eleanor** was next and loved splashing the paint

around on her paper, leaving big splotches of paint all over her paper, she then added on

some of the cotton balls, to make it nice and fluffy just like the

green sheep. **Evan** was excited about his turn to paint, he wasn't

too sure about the cotton balls as it was a bit of a different

texture but he really enjoyed brushing the paint brush across his

paper. **Tiffany** didn't overly like the paint on her fingers but brushed

her paint brush across her paper as fast as she could and got the all

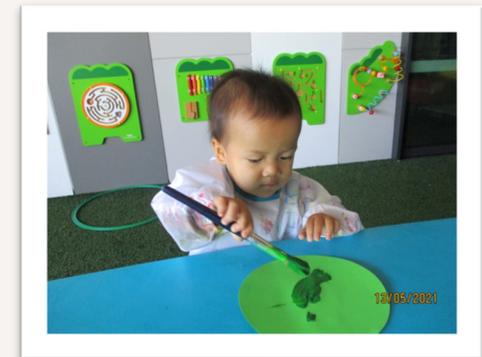

across her paper, she was so excited. **Ayden** sat down at the table

as quickly as he could, ready for his turn of painting, he kept

looking up at Miss Taylah with a smile on his face, he was so proud

of his painting, especially when he added on the cotton balls!

# Inside Play

There was lots to explore this morning inside, **Ethan, Harvey, Olivia** and **Tiffany** enjoyed reading through the story books after group time with Miss Taylah. **Weixuan** done some block building to help progress his gross motor skills. **Evan, Eleanor** and **Ayden** were interested in the dinosaur puzzles, "Raah" goes **Ayden** and **Evan**, both giggling to one another as they kept repeating there mighty "Raahhh".

**Archie** and **Ethan** were happily roaming the room, they both love playing with the wooden obstacle course playing peek-a-boo with one another as they would each peak there head under the wooden tunnel.

**Jacqueline** was showing Miss Aura how to use the magnetic toy sticks, forcing them together as they connected. While, **Chloe** and **Aria** was sitting with Miss Zoe playing with all the different toys scattered along the carpet, they both really enjoyed stacking the blocks on top of one another.

# Outside Play

After painting green sheep outside with Miss Taylah, the children started to explore the outside play yard. The children love being outside it gives them a sense of freedom being able to roam around in open space, running around and playing with one another.

**Adyen and Archie** were having so much fun running around with Miss Aura, they would run behind the tree laughing as Miss Aura would try and catch them.

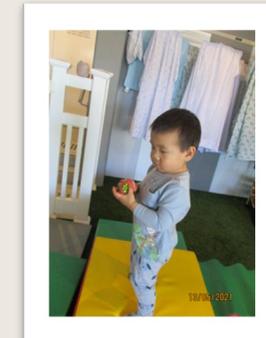

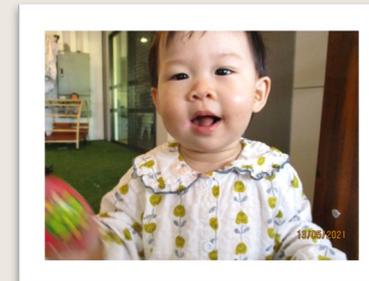

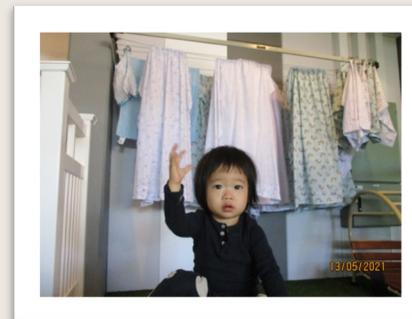

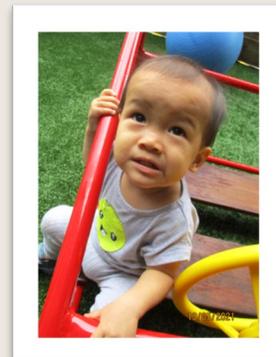

**Olivia, Aria and Chloe** were happily playing on the mat with the outside building blocks showing Miss Zoe how high they could make the blocks go before they fell over.

**Harvey and Eleanor** were exploring the obstacle foam course that we have set up. They would make their way to the top of the obstacle course, then slide down the mini slide that is attached to the course. They were both having so much fun each giving massive smiles to Miss Zoe.

**Ethan and Jacqueline** were happily playing in the outside home corner that is now located under the new cubby house, they would bring pretend food over to the table for Miss Taylah to eat.

**Tiffany, Weixuan and Evan** were confidently exploring the whole of the outside yard each playing with all the different toys scattered around the yard. They were all having so much fun exploring the outside play around this morning.

# Reflection of the day

Today in the Jellyfish room, it was a busy but fun day. With the children getting used to our morning routine of group time they all happily sat down with Miss Taylah and read the story to begin our eventful morning. Eventually, the children each got an opportunity to make a green sheep for arts and crafts today they all had so much fun this morning!
