## Eid-al-Fitr Show!

We were all lucky enough this morning to be apart of the special Eid-al-Fitr show, we made our way up to the Sharks room where we seen all of our older room friends, they were all sitting nicely on their chairs, we all made our way over to the mat and waited patiently for Krissy to start the show. We started off with a little bit of dancing, then Krissy started to talk about different countries and the style of dancing each country done.

**Olivia** was having so much fun sitting in Miss Taylah's lap, jumping up and down to the music and clapping her hands a lot, **Aria** and **Evan** sat by Miss Taylah's side and also done lots of clapping. **Chloe** and **Ayden** sat down with Miss Aura to enjoy the show, **Ayden** was clapping his hands, babbling and smiling through the whole show, **Chloe** wasn't overly too sure about the show but she was happy to observe everything that was going on. **Tabitha** sat by Miss Talitha watching everyone go on, she clapped her hands when all of her friends started to clap. **Jacqueline**, **Eleanor** and **Archie** were very happy sitting on their own amongst the older children, really wanting to get involved in the show. **Archie** was eager to get up in front of all of his friends and show of his lovely dance moves, he also had a turn of shaking some of the bells. There was a part of the show where Krissy was talking about Japan and throughout one of their traditional songs they tap their two index fingers together, **Jacqueline** was very intrigued by this, taping her two fingers together and listening to what the song sounded like.

It was so much fun being able to get involved in the shows that bring us so much joy. The children all really enjoyed themselves, it brought them all together and felt a big sense of belonging.

# Inside Play

Today the children had spontaneous play inside and outside. **Evan** and **Aria** had great fun playing with the magnetic sticks and balls they made so many great creations.

**Jaqueline** enjoyed playing with the sticky bricks putting the different shapes and colors together she had a lot of fun playing with them.

**Olivia** enjoyed reading books to herself and looking at all the different colorful pictures she loves to go through the books. **Archie** and **Eleanor** also enjoyed reading books, they sat down with miss Aura and listened and pointed to the images as she read.

**Ayden** had fun playing with the magnetic animal blocks with **Evan** and **Olivia** they enjoyed connecting the animals together to see which animals they had.

**Tabitha** and **Chloe** enjoyed sitting with Miss Talitha and Miss Taylah playing with the sticky bricks and magnetic animal blocks they had fun making great creations with their educators.

# Outside Play

This morning we had a bit of a spontaneous day, Miss Taylah opened up the door for us to explore the inside and outside area as much as we could! **Olivia** and **Tabitha** had fun running around with Miss Taylah, kicking around the two different balls that they had found outside, one was a white and blue soccer ball and the other one was a very bouncy red ball.

**Jacqueline, Aria** and **Archie** had fun climbing around on the large foam obstacle course, they done lots of jumping and sliding down the slide shaped foam. **Chloe** and **Evan** spent some time this morning by Miss Taylah's side, exploring the crocodile maze board outside in the Jellyfish room. **Chloe** showed a great interest in the board that she had to spin around, she wasn't 100% sure on how to do it at first but after Miss Taylah had, had a turn she continued to play with it for a while watching as the little ball moved all over the place. **Evan** really enjoyed the xylophone, he used the stick to run it across the plates of the xylophone, he giggled as it made beautiful sounds. **Eleanor** had lots of fun cooking up a storm on the outside home corner area!

During outside play this morning, the children worked on building their fine motor skills by climbing and jumping on the obstacle course and running around kicking the soccer ball. They felt a sense of belonging while exploring the yard together and sharing amongst each other with all the different toys they could find outside today.

# Reflection of the day

We had a little bit of an emotional morning with some of the children, to help them settle in this morning we opened up the door to allow indoor/outdoor, allowing them to choose where they wanted to be, this did help the children settle in a bit more. We weren't able to continue with our group time routine this morning as the children were a bit unsettled, when the children are settled next week we will continue our group times.

The children really enjoyed the group show experience, they showed great interest in all parts of the show.
