Exploring the big yard!

After all the fun adventures on the slippery slide, we all went off to explore the rest of the big yard. **Tiffany, Aria, Archie, Ayden** and **Amelia** had a ball exploring the sandpit, they used a variety of different sandpit toys including the small and large shovels, a rake, sifters and buckets, they spent quite a while in the sandpit as they were having loads of fun.

Tabitha played hide and seek with her big sister **Ellie**, hiding underneath the tables outside. **Eleanor** made friends with one of the older children **Eloise**, they spent the morning holding hands around the yard, **Eloise** showed **Eleanor** all of her favourite things to do and play with in the big yard. **Chloe** and **Evan** were having way too much fun on the slippery slides and spent most of their morning climbing up the stairs and zooming down the slide.

Adventures on the slippery slide!

Wow! Today in the Jellyfish room we explored the big slippery slides. The children going down the slides were super excited and extremely brave. With Miss Zoe and Miss Taylah helped each of the children as they went down the slide confidently one by one.

Aria was first up, she didn't want Miss Zoe's help at all she confidently sat down on the slide on her own. She gave Miss Zoe and Miss Taylah a huge smile and quickly went down the slide.

Amelia and **Chloe** were a little more hesitant at first, holding onto Miss Taylah's hand as they slowly went down the slide. The first time was the scariest but after that they wanted to keep going.

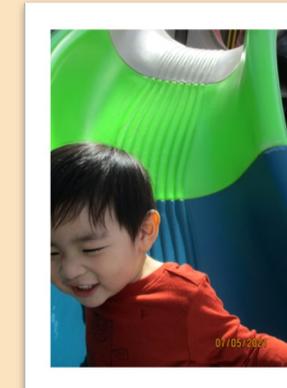

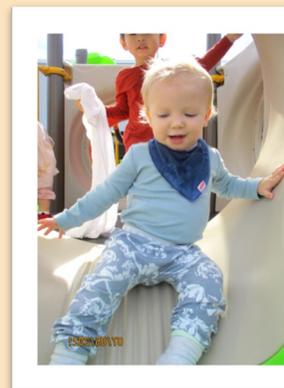

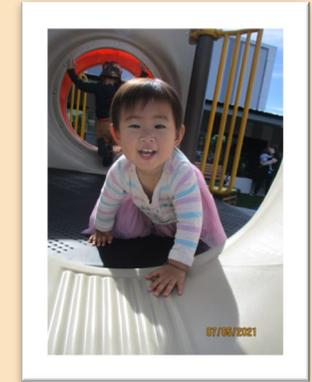

Evan was so excited to go down the slide, he was super confident going down by himself. Sitting on the slide he quickly slid down and run back up to go again.

Tiffany loved going backwards down the slide. Tiffany would give Miss Zoe a massive smile then turn her body to slide down backwards.

Eleanor and **Archie** also both loved going down the slide, they had multiple turns going down smiling and giggling the whole time.

The slide was heaps of fun for the Jellyfish children!

Analysis of learning

Fine motor skills
Connectedness
Feeling a sense of belonging
Sharing interest
Building relationships
Gross motor skills

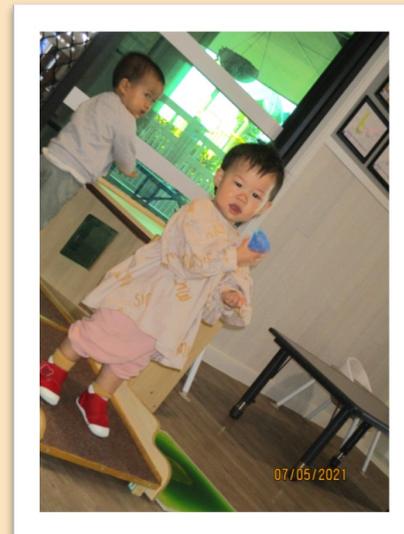

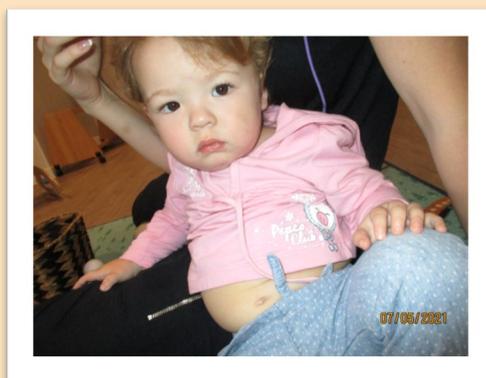

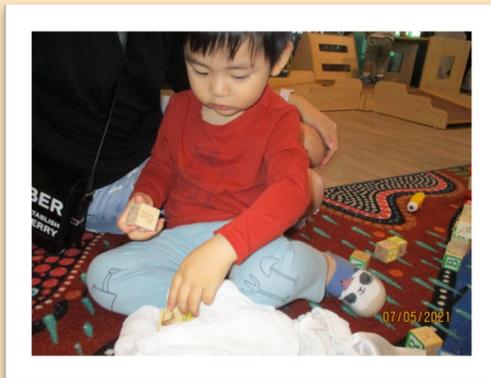

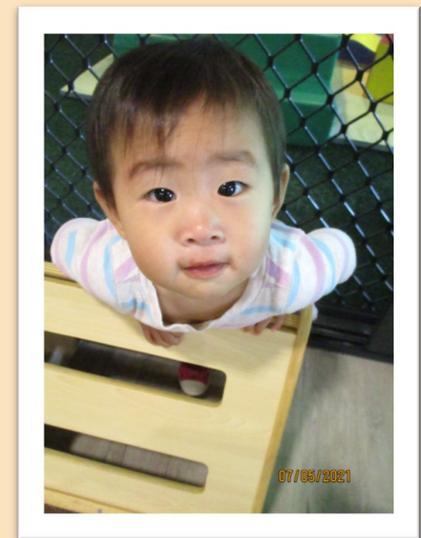

Reflection of the day

We had a little bit of an overwhelming morning as we have a couple of new friends that are still learning and building relationships with others. We decided to spend most of our morning outside in the big yard as we know this is where all of the children are more settled as the environment is morning open and the playground excites them.
