Group time with Miss Hannah

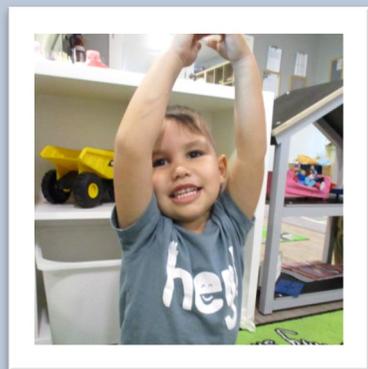

Good morning and happy Monday everyone! We hope everyone enjoyed the Mother's Day event Friday night and had a wonderful weekend.

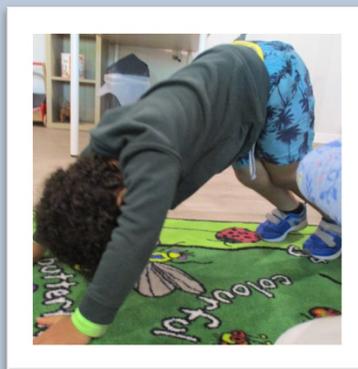

We began this morning off with Miss Hannah reading '10 in the bed'. This book encouraged the children to remember their counting and developed their memory.

After the book was finished we moved onto a counting exercise where we counted the number of animals and placed them in order. It was great to see everyone using their fingers to assist them in their counting.

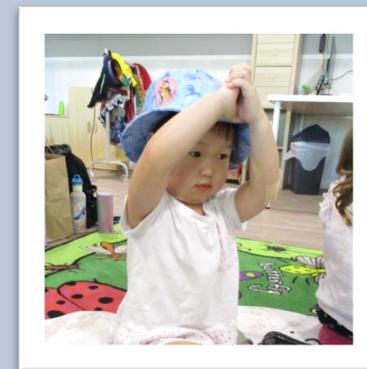

Yoga

As the children missed out on yoga last Wednesday, Miss Meg came for a catch up lesson today.

We started off the lesson singing out good morning song then we moved onto something different. We learnt how to make shapes with our bodies. Miss Meg taught us how to make a circle, triangle, rectangle and star.

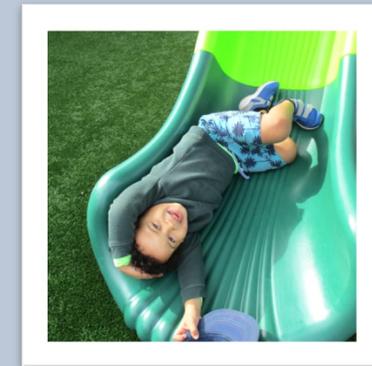

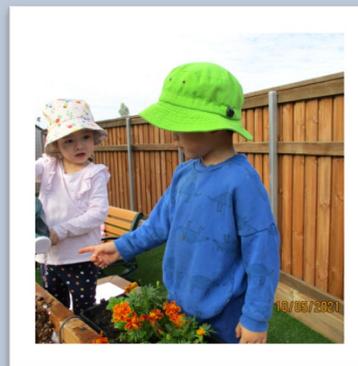

We sang the frog song and read a book about breathing. After we finished and went outside, Carter was showing Miss Caitlin all the new things he learnt in the lesson and started teaching his friends that weren't there.

Outside play

The children had lots of fun playing outside after yoga this morning. The children loved playing in the sandpit with the diggers as well as on the playgrounds. Cater, Lucas and Ellie enjoyed watering the new flowers that got planted in the garden pots in our yard on Friday and mentioned how pretty the flowers are and noticed that they had grown over the weekend. Philip had lots of fun going down the slide with his friends asking the teachers and other friends to watch him go down .

Analysis of learning

- Listening and responding
 - Gross motor
 - Fine motor
- Letter recognition
- Counting

Reflection of the day

We had a great today in the Sharks room. All the children were settled and participated in all the activities. We love it when we have the extra curricular activities within the centre and learn new and exciting things.
