

STINGRAY DAILY STORY

Stingray parents:

Miss Taylor and I (Miss Briohny) would like to ask if parents would be able to donate some recycled items to the room that the children can use for free play along with craft. We have some ideas of recycled items listed below:

- Yogurt tops (twist lids)
- Cardboard tubes (Please No toilet rolls, can be kitchen towel), cereal, tissue and shoe boxes
- Yogurt tubs
- Formula tins
- Plastic lids
- Old kitchen utensils (e.g. wooden spoons, potato mashers, whisks)

OUTDOOR PLAY

As it was cold this morning we spent some time inside. Before lunch and rest time the children went outside to play. Marwin, Hanson, Nathaniel and Thomas spent some time riding the bikes around the yard. While on the playground the children took turns sliding down the slides. Miss Briohny created some wet sand in the sand table and gave the children cupcake cups to play with. Using their hands they filled the cups with sand and tried to tip them back into the sand. On the mat Miss Briohny read a story to Yoonu while Nathaniel, Mikayla and Hanson sat quietly in the side looking through the story books.

NEWSPAPER PAINTING

This morning we finished our week on recycling by painting with pastel paints on newspaper. Selecting one of the colours the children started creating their designs on the paper. Hanson decided he was going to mix the colours together on his paper to create a new colour while Thomas made spots of each colour. While painting the children used their recognition skills to identify the colours they wanted to use. This activity provided the children with the opportunity to express their creativity through media as well as developing their pencil grip around the paint brush.

MAGNIFYING GLASS AND COLOURED ANIMALS

This morning the children enjoyed playing with magnifying glasses. They took turns looking at coloured animals through the magnifying glass. The children used their colour recognition skills to say what colour each animal was as they picked it up. Some children also said what the animal was or the sound it makes. After playing with the animals for a while, some children decided to explore the rest of the room and see what else they could look at through their magnifying glass. They looked at cars, blocks and even each other. The children had a lot of fun exploring the room in a different way.

CHILDREN'S CHOICE

Mikayla, Hanson and Nathaniel carried on some play from yesterday where they built tele-phones and 'called' their parents and friends. They held the phone up to their ear and said 'hello'.

Hanson heard the 'Big Red Car' song come on and went and grabbed 2 cars. He handed one to Nathaniel and the put the coloured animals on top and drove them around. The took their time ensuring each animal was balanced and wouldn't fall before starting to push the car around.

All of the children had fun in home corner. They would shut the cupboard doors before looking at each other and pretend crying. They all thought this was great fun and laughed after each turn.
