

STINGRAY DAILY STORY

Stingray parents:

Miss Taylor and I (Miss Briohny) would like to ask if parents would be able to donate some recycled items to the room that the children can use for free play along with craft. We have some ideas of recycled items listed below:

- Yogurt tops (twist lids)
- Cardboard tubes (Please No toilet rolls, can be kitchen towel), cereal, tissue and shoe boxes
- Yogurt tubs
- Formula tins
- Plastic lids
- Old kitchen utensils (e.g. wooden spoons, potato mashers, whisks)

OUTDOOR

We got to enjoy some outdoor play this morning, hooray. While outside the children engaged in a variety of activities. On the concrete Mikayla and Spencer did some crayon drawing at the mirror table. The children also enjoyed riding the bikes and scooters around the yard. Spencer, Nathaniel and Mikayla took turns climbing into the small cubby house and looking out through the curtains. At the picnic tables Mikayla, Spencer, Nathaniel and Yoonu used their problem solving and fine motor skills to complete the different puzzles. While working on the transport puzzle the children used their recognition skills to identify the different transport vehicles. Nathaniel and Thomas used their construction skills to build using the wooden blocks.

AIRPORT SMALL WORLD

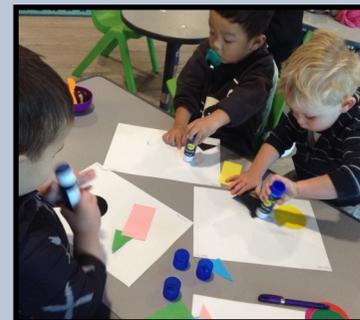

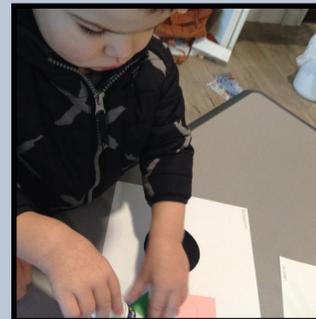

We continue with our topic of planes and helicopters this morning, by setting up the Airport small world at the table. We also added some of the small planes and helicopters from the car basket. The children enjoyed flying the planes around the table. Hanson selected all the planes and helicopters and tried to stack them on top of the airport. Miss Stacey joined the children and they each selected a plane before flying them around the room. The planes flew from the tables, around the mat, behind the cupboard and back to land on the runway.

HELICOPTER SHAPE COLLAGE

As we have made different plane craft this week, today we decided to make some helicopters. Using circles, rectangles and triangles they children rolled on some glue before placing them together on the paper to form the shape of a helicopter. Once they are dry we will draw on some feathers and add some paddle pop sticks as propellers. As the children worked on their helicopters they used their recognition skills to identify the colours of the shapes they chose to use. They did a great job connecting the pieces together.

GROUP TIME

During group time we sat down with Miss Jade and Miss Stacey. Miss Stacey placed our green chairs out in a circle, we all liked this idea.

As we are learning about planes this week, we continued with this topic. Miss Jade read about all things that can fly, this book was particularly funny as it had farm animals in it. We got to name the animals too.

Hanson and Marwin wanted Miss Jade to read another book so we read about got to the "shops," in this book we could point out the variety of foods and what foods we liked and didn't like? Thomas even started to point out the colours of the fruits and vegetables.

We all really enjoy our group time.

Analysis of learning

LEARNING OUTCOMES ACHIEVED: LO1, 1.1, 1.3, LO2, 2.1, LO3, 3.1, 3.2, LO4, 4.1, 4.4, 4.4, LO5, 5.1, 5.2

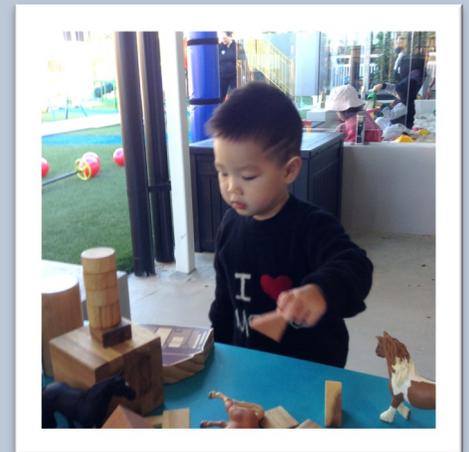

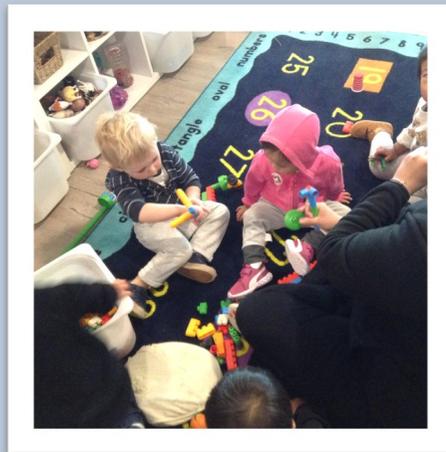

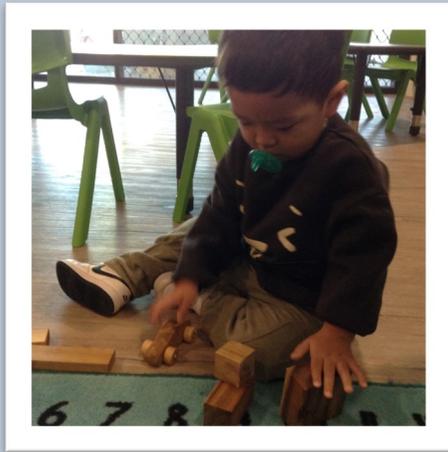

Reflection of the day

Today we finished our topic of planes and helicopters by creating some shape helicopter collages. Next week we will start to focus on other things that fly. We were also able to enjoy some morning play outside today as it wasn't too cold. This was a great hit to the children as they have missed morning play.
