### BATS

# OUTDOOR

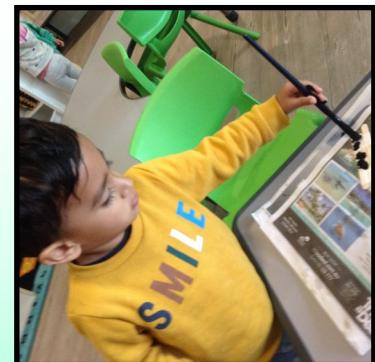

The children had a busy morning during outdoor play. Some of the children spent time playing on the playground, they took turns sliding down the slides. In the sandpit the children used the small shovels to scoop the sand before pouring it into the buckets. Marwin and Hanson enjoyed driving the trucks and differs around the sand pit. Azalea, Hanson, Yoonu and Thomas engaged with the finger puppets, using their recognition skills to identify the different animals. Some of the children chose to ride the bikes around the yard, using their gross motor skills to push them along and to push the peddles.

# PADDLE POP STICK BATS

As we continued to focus on learning about 'Things that Fly' we created our own bats today. Miss Briohny taped together three paddle pop sticks to create the shape of the bats before the children used black paint to paint them. When they are dry the children will add some black wings and a couple of googly eyes to form the shapes of the bat. Once all our bats are finished we will paste them onto some paper and place them up in the room on display.

# BATS IN SAND

Once the children were finished making their bats they decided to engage in the bats in sand activity. Selecting one of the trays with sand the children used their fine motor skills to brush the sand aside to discover one of the bats under neath. Once they had discovered each of the bats they used the bat cards to scoop the sand and to pour it back into the trays. They also used the cards to scoop the sand and transfer it from one tray to the other.

# YOGA

Miss Meg came for Yoga this morning. To start the children gathered together on the mat ready to sing their welcome song. They did a great job remembering the actions. Once they had sung their welcome song they sang their good morning song. The children also engaged in some different Yoga moves today, stretching up tall, folding their bodies in half and pretending to sit in a chair. Once they had finished some yoga they danced along to their frog song before sitting on the mat with Miss Mel to listen to a story. Once yoga was finished the ended with their greeting song.
