Reduce, Reuse & Recycle Show

We were surprised with a special performance today by Miss Shelly. The show's main topic was all about recycling and what we can do to help reduce, reuse and recycle. All the children were engaged in the show as it consisted of singing, dancing and volunteers to help Miss Shelly with her map.

Aboriginal Flag Craft

As reconciliation week comes to and end, we wanted to complete on last craft piece. The children ripped, shredded and crunched the crepe paper into small pieces. With some help from Miss Caitlin and a picture of the Aboriginal flag, the children placed the red, yellow and black coloured crepe paper into their rightful place. We can't wait to see how they turned out.

Analysis of learning

- Fine motor skills
- Gross motor
- Caring for the environment
- Listening and responding
- Colour recognition

Reflection of the day

Happy Wednesday everyone! We had another great day today in the Dolphin's room. With only 5 children, the room was quieter and more relaxed. We got to watch a show performed by Miss Shelly and learned some cool new things about recycling! We completed another awesome art piece that we can't wait to display on our walls and had a big run around before our lunch. We hope everyone else had a great day just like we did!
