# See the turtle, he stood on my toe craft!

The Jellyfish children are reading a story called 'Look and See', its about all the different animals that you would find in Australia.

Today the children made turtles for todays experience, what we used to create our masterpieces were green paper for the shell, green cupcake paper cups as the head of the turtle and green glitter to make our turtles prettier! Miss Zoe also cut out brown paper to represent our turtles legs.

The children really loved creating our turtle masterpieces, **Harvey** loved places the glue all over the paper making sure he didn't miss any spots so the glitter would stick!

**Eleanor** and **Olivia** loved putting the glitter all over the turtles shell making sure they covered the entire paper shell that we created for our turtles.

**Aria** and **Archie** loved sticking the cupcakes paper cups on the shell to represent the turtles head, they were pressing hard on the paper to make sure it was all stuck down.

**Weixuan** was a little hesitant at first to start gluing his turtle for the glitter, but with a little help from Miss Zoe he completed the task with a smile on his face.

The rest of the children were happily playing with all the different toys and watched on as the children created their turtle masterpieces!

# Group time

Our story for the week is called 'Look and See' it's about all the Indigenous animals that we make come across in Australia.

The children sat quietly on the carpet, they were extremely engaged in this story listening to Miss Zoe talk about all the different animals.

**Weixuan** and **Aria** loved seeing all the different animals they especially loved the hopping kangaroo and the big lizard that they saw in the story.

**Archie**, **Amelia** and **Harvey** were interacting with Miss Zoe while she read the story pointing to all the different animals as she turned the pages.

**Eleanor**, **Olivia**, **Amal** sat quietly together listening and observing Miss Zoe as she read the story!

Once we finished the story the children wanted to keep reading more so Miss Taylah gave each of the children their own individual story to look at!

# Spontaneous Play

The children had a fun day today playing with all the different toys and reading the different books that we have to offer in our room.

The children seem to be really enjoying the multi construction blocks that we pulled out for them **Archie** seemed to like using the wheel connections that he could roll around where as **Aria, Amelia** and **Eleanor** enjoyed connecting multiple pieces together coming up with some spectacular creations.

**Weixuan** and **Harvey** enjoyed playing with the plastic animals they liked the tigers and sharks the most out of all the different animals and would show Miss Aura and Miss Zoe which animals they had in their hands so the educators could tell them the names of the animals.

**Olivia** had a lot of fun in book corner looking at all the pictures in the books and trying to read them her favourite books today where the sensory books.

**Amal** enjoyed doing the different puzzles we put out she seemed to enjoy the animal puzzles the most but also liked the nursery rhyme puzzle too.

**Amelia** enjoyed playing in home corner with **Archie** and **Aria** as well today they had fun playing with the baby dolls and cooking up some yummy pretend meals for each other and the dolls.

Recognition  
Cognitive development  
Fine motor skills  
Connectedness  
Building relationships  
Sense of belonging

# Reflection of the day

We had another quiet day today in the jellyfish room with only 8 of our friends coming in for the day. We spent the morning indoors due to the cold weather and rain we had this morning. The children enjoyed the free play and spontaneous play as well as the planned experience with Miss Zoe. They are starting to get the hang of group time and are showing interest in the books chosen. Routines and transitions are also going really well in the room.

# Photos of the day
