Playdough Fun!

Today the Jellyfish children got the fun experience playing with bright green playdough! It was such an enjoyable activity for the children they were extremely entertained for a long period of time. All they wanted to do all morning was play with the green playdough.....

Miss Aura got all the ingredients ready to start making the playdough, as she got the playdough ready Miss Zoe got all the children sitting patiently at the table ready for Miss Aura to bring the playdough out.

Harvey was so excited when Miss Aura gave him a piece of playdough to play with. He kneaded the playdough making many different shapes.

Isabella and **Hannah** loved pulling apart the playdough making heaps of mini little balls.

Amelia and **Amal** loved using there hands to press down on the playdough making a nice flat shape. Once they made the flat circle they would roll it back up in a ball.

Weixuan and **Aiden** loved making many different shapes with Miss Zoe. We would all use our fingers to press down in the green playdough.

Ethan and **Aria** loved using there hands to squeeze the playdough tightly together to make a large round circle.

Home corner & Role Play

What fun, **Harvey, Amal, Aria, Aiden, Isabella, Weixuan** and **Ethan** had in home corner this morning, **Harvey** tried on the fireman hat and it was all fun and games from there, **Weixuan** and **Aria** both also had a turn at wearing the fireman hat, "Wooosh" goes Miss Zoe as she pretended to put fire out like a fire man, **Harvey, Weixuan** and **Aria** copied Miss Zoe!

Aiden, Isabella, and Ethan done lots of cooking in home corner, they grabbed out all of the fruits and vegetables and cooked up a storm, there was lots of smiles as Miss Zoe pretended to eat all of the food they had made.

Amal showed of her loving and caring side with the babies, she picked out one of the indigenous dress and prompted Miss Zoe to help her put it on the baby, at first **Amal** tried to do it all by herself but unfortunately it was a little bit difficult, Miss Zoe helped **Amal** and she let out a big thank you to Miss Zoe.

The benefits of role play in this age group allows the children to build on their communication skills, helps children collaborate with others and helps development their social skills.

Bubble, Bubble, Bubble, POP!

Miss Megan brought out the bubbles this morning for a bit of fun after our playdough experience. **Amal, Ethan, Amelia, Isabella, Aria, Eleanor** and **Weixuan** had so much fun engaging together in all the bubble fun! As Miss Megan blew lots of bubbles, the children all squealed and ran into the bubbles, jumping up and down trying to pop them all. As the bubbles rose to the top of the room, they all tried jumping as high as they could to pop them all.

Analysis of learning

- Social & Emotional skills**
- Fine motor skills
- Recognition
- Hand eye-coordination
- Gross motor skills
- Connectedness
- Sense of belonging

Reflection of the day

The children had a really settled and calm day. Throughout the playdough experience the children, engaged with one another, communicating through verbal and nonverbal communication and manipulated the playdough in all sorts of ways. The children joined together in the bubbles, these types of small experiences allows the children to come together and build strong connections with one another.
