Spontaneous Play!

We had a great day in the jellyfish room the children had a play both inside and outside today before lunch enjoying all the toys on offer like the car ramps, the stacking rings, hammer toy and home corner as well as the multiple connecting blocks outside and cubby house to name a few.

Ayden enjoyed playing with the animal and nursery rhymes puzzles each time **Ayden** would place a piece in the correct spot he would give Miss Zoe a high-five after playing with the puzzles he had a go at playing with the hammer and sticks toy banging the sticks down through there holes.

Amal, Archie and **Harvey** all had a lot of great fun playing in home corner they all had turns at cooking and playing with the baby dolls afterwards after playing in home corner **Harvey** enjoyed playing with the plastic animals with **Archie** and **Amal** had fun playing with the sticky bricks.

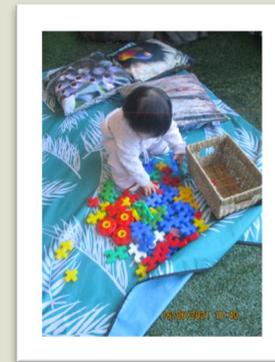

Tiffany and **Olivia** had fun reading books in book corner and playing with the stacking rings and car ramps they had a lot of fun making the toy cars go through the ramp and speed out of the bottom of it.

Outside **Ayden, Amal, Ethan** and **Archie** enjoyed playing with the multi connecting blocks with Miss Aura making a lot of great creations with them.

Archie, Olivia, Amal and **Harvey** also enjoyed playing with the kitchen in the cubby house cooking and pretending to eat all the play food.

After setting up the beds Miss Taylah came outside to join in the fun and started blowing bubbles for the children **Archie, Tiffany** and **Olivia** enjoyed playing with the bubbles a lot chasing them around to pop them they had such big smiles on their faces.

We Made Emu's

To go together with our Australian animals book 'Look and See' Miss Taylah thought it would be a great idea for the children to make their very own Emu's using brown paper, glue and of course some soft and fluffy feathers.

Ethan was very excited to do the art activity today as soon as he seen Miss Taylah walking to the tables with the art supplies he went and sat down to have the first turn he did so well placing the glue all over the paper with a paint brush to stick his feathers on to.

Archie was happily waiting for each of his friends to have a turn so patiently and was really excited when he got to have a go himself he enjoyed dabbing the glue around on the paper and then adding his feathers and pushing them down to make sure they would stick.

Ayden was a little bit unsure about doing our art activity today but once he sat down and started doing the activity he had a lot of fun and seemed to really enjoy it.

Tiffany was very eager to begin her emu craft, she waited patiently beside her friend waiting for her turn, once it was **Tiffany's** turn, she quickly sat down and started gluing straight away and was very excited about putting the feathers on.

Amal enjoyed making her emu today she made sure she covered all of the paper with the glue before adding on her feathers carefully to ensure she wouldn't get glue and feathers stuck to her hands.

Jacqueline at first wasn't overly to sure about today's craft but once she started she was very excited to finish her emu, she felt the soft feathers in between her fingers and smiled at her educators as she liked the texture.

Harvey watched and observed his friends with their crafts and was very eager to begin his, he spread the glue across his brown paper, thick and had lots on there, once his brown paper was covered in glue he placed down lots of the soft and fluffy feathers.

Reflection of the day

Today was a good day it was quite peaceful. The children had a lot of fun playing inside and outside and enjoyed interacting together as well as with their educators. The children also had a lot of fun doing an art activity today we made emus to go along with our Australian animals look and see book.
