

Jellyfish and Seahorse Daily Learning Story

30th of June 2021

We made little Pigs!

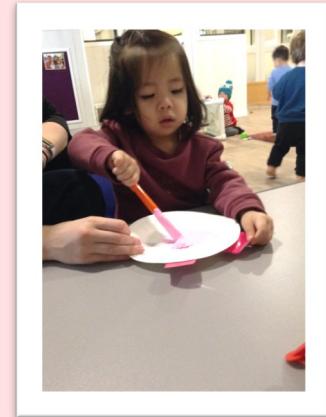

Today Miss Zoe thought it would be a great idea to make little pigs using paper plates, pink paper cut out to make ears, pink paint and stick on eyes as we had plan to read a Peppa pig book for group time.

The children seemed to enjoy doing our art activity today and had a lot of fun painting the paper plates pink. **Harvey** did a really good job and would dip his paint brush into the paint each time he thought he needed more paint and tried to cover as much of the plate as he could. **Ethan** was babbling along to Miss Zoe as he painted his plate trying to tell her all about it, he had a lot of fun doing his artwork.

Abigail and **Tiffany** really enjoyed doing their little pigs today and had a lot of fun putting as much paint as they could onto their plates.

At first **Zaidyn** wasn't overly to sure about the painting, all he wanted to do was explore the texture, through touch and taste, once Miss Zoe guided him to the paper plate, he had lots of fun covering the plate with thick pink paint.

Group Time with Miss Aura

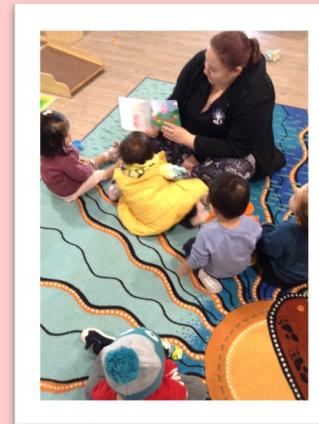

Today Miss Aura read a Peppa pig book "My daddy" for group time. **Harvey** was the first one to run and sit down to listen to the story as he was excited about group time when his fellow classmates seen him sit down they all followed to come and join in.

Zaidyn really seemed to enjoy the book today as he wanted to be as close as he could and would point at the different pictures in the book and babble about what he was pointing to.

Tiffany at first wasn't too interested in the book as she lay down and was looking at things around the room but after a short while she really seemed to enjoy the book and sat on Miss Auras lap as she read the book and listened.

Abigail, Ethan and **Harvey** seem to really enjoy the book the three children sat down nicely and paid close attention to Miss Auras reading when the story was over the children read some books with miss Zoe over in book corner and had a bit of a play before lunch.

Home Corner Play

The Seahorse and Jellyfish children took a big interest in home corner this morning, **Harvey** and **Tiffany** worked well as a team to find all of the fruits, vegetables and any other pieces of food they could find in the basket, once they had found them, they pretended to eat it all up, they babbled along to eat other during this time. **Abigail** joined in with **Harvey**, they also babbled along to each other, they were cooking up a storm together.

Zaidyn and **Alina** engaged with one another, sharing their interest in the foods they were finding, **Zaidyn** burrowed through the basket, finding out all of his favourite foods.

The children had so much fun exploring home corner together, they were able to engage with one another, share similar interests and enjoy each others company.

Fine motor skills

Recognition

Understanding of routine

Connectedness

Building relationships

Gross motor skills

Reflection of the day

With the Jellyfish and Seahorse children combined the children had such a fun day building new relationships between one another. The children got to explore the classroom and play with all the different toys. As well as creating mini piggies from the group time story we read this morning. The children had a wonderful day...
