

Jellyfish's Daily Learning Story

10th of June 2021

We're going on a Bear Hunt Sensory Activity!

This week we have focused on the particular story 'We're going on a Bear Hunt'. During the week we have done different arts and crafts to show our understanding of the story. Today, Miss Taylah thought it was be a brilliant idea to make the story come to life. Miss Taylah ran up stairs to get different items to represent where they went in the story, for example Miss Taylah got brown kinetic sand to represent thick oozy mud.

There were 6 different containers fill with a range of materials to identify long grass, a cold river, oozy mud, a dark forest, a snow storm and a gloomy cave.

The children were a little hesitant at first to feel all the different materials Miss Taylah had prepared. But once they felt it, they really enjoyed feeling all the different materials with their hands and fingers. **Ethan, Olivia** and **Weixuan** loved to feel the cold river as they splashed it all around. **Aria** and **Tiffany** loved feeling the snow storm between their fingers. **Harvey** and **Archie** loved feeling the kinetic sand which was used to represent the thick oozy mud. Lastly, **Ayden** and **Eleanor** loved picking up the green long grass between their hands.

All the children had so much fun with this experience!

Spontaneous Play

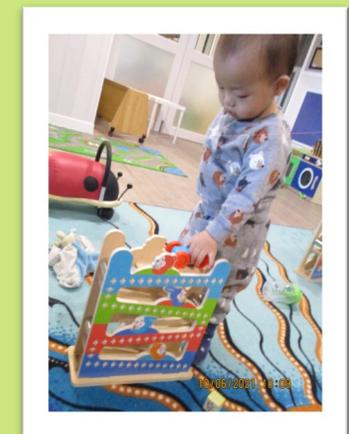

As it was a cold day outside, the Jellyfish children spent their morning exploring all the different toys inside our classroom.

The children love to play with all the toys that we have to offer, one of the favourite toys the children love to play with is the alphabet building blocks. They all love to stack the blocks as high as they possibly can until it falls over.

A lot of the children love to explore the home corner. They love to put food in the oven and pretend to eat it as they take it out. In the home corner we also have a babies cot filled with heaps of babies for the children to play with. They love to cuddle the babies and pretend to put them asleep!

A new toy that we have in our classroom that the children are interested in is the new toy car ramp. The children love to put the cars at the top of the ramp and watch the cars race down super fast, they always giggle when the car comes out the other side!

Reflection of the day

We had a really good day today with the children. The children had lots of fun playing with the sensory activity that Miss Taylah made up for them, exploring the different texture's and listening to Miss Taylah read ' We're going on a Bear Hunt' whilst they enjoyed the experience.
