## We Painted the Big Bright Moon!

Today the Jellyfish got to paint the big bright moon! In the story that we are reading for this weeks group time, it talks about how the dingo is howling at night to the moon. So Miss Taylah thought it would be a perfect idea to create the moon from the story. She ran upstairs to grabbed white paint and black paper, when she got back the children were super excited when they saw the paint because they know it was arts and crafts time!

**Ethan** was first up he was super excited to start painting, once Miss Taylah gave him the paint-brush he started dabbing all over the paper didn't miss any spots.

**Aria** is always excited when we do painting, she is starting to learn how to use her paintbrush forwards and backwards, she did an amazing job covering the moon!

**Chloe** was extremely eager to start painting, as soon as Miss Taylah gave her the paintbrush she knew exactly what to do, she did an fantastic job!

**Harvey** and **Eleanor** also loved painting the moon, covering the entire paper circle they each made amazing moons!

## Indoor Play

We had lots of fun exploring the toys this morning inside, while we waited for the weather to warm up just a little bit more before heading out for some outside fun. **Chloe, Harvey, Aria** and **Evan** showed a great interest in the coloured shaker blocks, they were able to stack them up high on top of each other, then knocking it all down, hearing the balls on the inside shake when it crashed. Once she could hear the sound it made crashing they enjoyed shaking them as much as they could and making lots of noise.

**Ayden** enjoyed doing lots of cooking in home corner with Miss Aura, he tipped out all of the fruits and vegetables, placed the, into the sink and mixed it all around, then served up with Aura some tea.

**Archie** was doing lots of rolling around and push ups on the mat, Miss Taylah tried laying down next to **Archie** and do some push ups, **Archie** smiled and laughed with Miss Taylah as they laid side by side.

**Tiffany** and **Olivia** played alongside each other on the wooden obstacle course, they followed each other up the ramp and into the tunnel.

## Outdoor Play

Today the children had a lot of fun playing outside with the stingrays children climbing on the caravan climbing frame, pretending to drive in the car frame, playing with dinosaurs and reading books with miss Aura.

**Ayden** really enjoyed playing with the plastic dinosaur toys today his favourite ones were the green brachiosaurus dinosaurs he had a big one and a small one and would tell miss aura the big one was mummy and the little one was baby.

**Harvey** enjoyed pretending to drive in the race car frame and climbing on the van climbing frame as well as hiding under the picnic tables.

**Eleanor** had fun playing with the little dolls Miss Brihony had brought out into the yard as well as getting books for miss Aura to read to **Ayden** and herself.

**Archie** also had a lot of fun playing with the dinosaur toys he would pick them up and point to their teeth or would roar like a dinosaur.

**Aria** enjoyed watching the stingrays children do their art work before going over to play in the cubby house with her friends after that she went and had a play with some blocks.

Building relationships  
Understanding of routines  
Connectedness  
Gross motor skills

# Reflection of the day

In the jellyfish room today, the children had a settled and lovely day, Chloe and Evan had come back after being off for a couple of weeks and settled back into the room really well, they definitely missed all of their friends.

Not all of the children wanted to get involved in the art experience for the day, they did enjoy the indoor/outdoor play.
