11th of June 2021

# We Painted Grizzly Bears Today!

Today the children had great fun doing some painting with Miss Zoe. We thought it would be a great idea for the children to create bear faces just like the one from this weeks story 'We're going on a Bear Hunt.' To do this Miss Zoe cut circles out of paper then went and got some brown paint and small cupcake papers as well as a large pompom to use for dabbing the paint on to the paper to try give it the furry look.

The children seemed to like the idea of using the pom-pom to paint with, dabbing it over and over again on the paper and then using some paint to hold the cupcake papers on to make the bears ears with some assistance from Miss Zoe.

**Eleanor** wasn't to sure about using the pom-pom to paint with so we gave her a paint brush to do her painting she really enjoyed using the paint brush.

**Archie, Amelia** and **Tiffany** really enjoyed doing the art activity today so much, that they wanted to try take a seat to do it again when it was their other friends turns. But they were happy to just sit back and watch once we explained to them that it was somebody else's turn.

**Olivia** did a really good job with using the pom-pom to paint with she picked it up straight away and started dabbing all over the piece of paper she really enjoyed herself and then wanted to place the ears on all by herself without any assistance.

**Aria** also had a lot of fun doing the art activity today she wanted to use both the pom-pom and paint brush she seemed to like using the pom-pom more though.

After painting the children sat down and listened to Miss Zoe read 'We're going on a Bear Hunt.'

## Group time!

It was our last day to read 'We're going on a Bear Hunt', the Jellyfish's were so excited to read the story today they were all very engaged and quiet.

As we have been reading this story every day this week as well as doing our daily learning experiences to this story the children have really been able to understand what this story is truly about.

Today the children were interacting a lot throughout the story pointing to the big grizzly bear when we finally found it at the end of the story! They were also able to identify where the cold river and the thick oozy mud was. They did this by pointing to the illustrations on the book when Miss Zoe asked were these particular things were on the story.

The children really enjoyed the story of the week, we cant wait to see what next weeks story is!

# Spontaneous play!

This morning the Jellyfish and Seahorse children were combined together in our classroom for the start of the morning. All the children loved being able to play with new friends and build relationships with new children.

When the Seahorse children went back to their classroom, our Jellyfish's set off in their own directions to go explore all the different toys!

We had some colouring in pencils for the children to draw with this morning. **Archie** and **Amelia** loved letting their imagination run wild drawing heaps of different pictures on the pieces of paper.

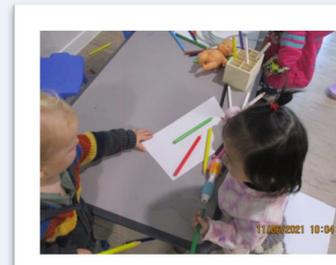

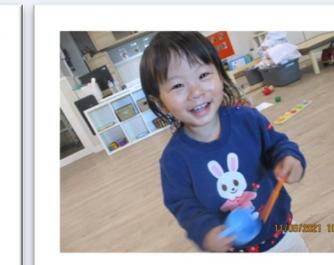

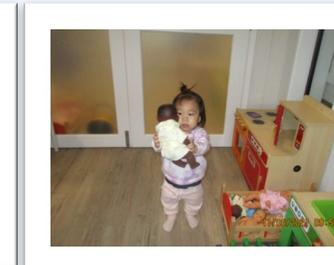

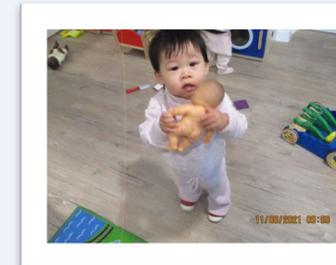

**Olivia** and **Tiffany** loved playing with the baby dollies in home corner today, both pretending to be mummy's to their babies they would give their babies massive cuddles and put them to sleep in their cot.

**Aria** was extremely cheerful today playing around with many different toys, she was showing Miss Zoe and Miss Aura all the different toys she was discovering in our Jellyfish classroom.

**Eleanor** loved playing with the food in home corner today, pretending to use the oven she would place the food in the oven and then take it out to eat once it was done!

All the children had so much fun exploring all the different toys today!

# Reflection of the day

Today we had a great day, the children seemed very content and really enjoyed themselves. We only had 6 children in the classroom today as a fair few of the children were away. We had so much fun making grizzly bears today as well as participating in group time and having some spontaneous play.
