

Dolphins, Shark and Whale daily story

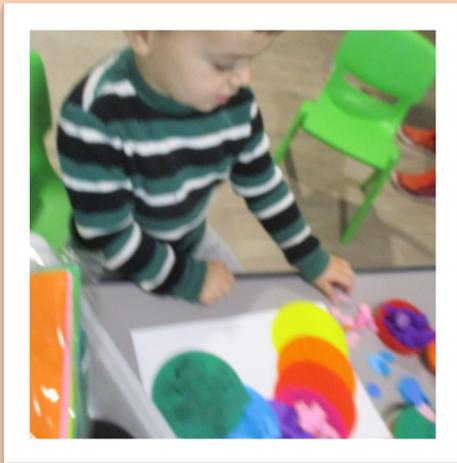

- Thursday 3rd June 2021

The Very Hungry Caterpillar

This morning the children joined Miss Caitlin on the mat to read a book called “The Very Hungry Caterpillar. The children loved listening to the book and counting the food that the caterpillar ate each day. Miss Caitlin set up a wonderful art table for the children to make their own colourful caterpillars. This was such a lovely activity and all the children had so much fun talking about what colour each part of their caterpillar was.

Cheerleading with Miss Kay

Miss Kay from Physi-Kids brought pom-poms with her today to teach the children how to cheer for their friends. Steven, Philip, Lucas and Joanne really enjoyed doing cheerleading to some music. Miss Kay also taught the children how to play baseball which was such a hoot. The children absolutely loved learning how to use the bat to hit the ball off the stand and run to each base to make a home run. Thank you Miss Kay!

Outside play

This morning, Lucas, Philip and Joanne really enjoyed building houses with the big connector blocks outside. They made their own little houses with a little help from their teachers. They then tried to build a big house together which was awesome to see them working as a team and communicating with each other. Tuscany– Rose loved watering the garden and smelling the beautiful flowers that are growing in our garden. The children also had so much fun playing on the obstacle course.

Inside play

The children were all really interested in the small connector blocks inside today. They all decided to build with those blocks and they all created such amazing things. Jihoon saw a picture of a motorbike and decided he wanted to make a motorbike with the blocks. Alina created a tower, Lucas created a castle, Lucas Ling made a road and Philip made a house. It's great to see the children using their imagination and being so creative.

Analysis of learning

- 2.1.1- connecting and relating to others
- 2.2.1- responding to others with respect
- 2.3.2- exploring interactions between people and environments
- 4.1.3- being imaginative and creative
- 5.3.2- exploring counting and patterns

Reflection of the day

Today we were combined with the Dolphin children in the Sharks room. The children really loved Physi-kids today and had a great time learning everything Miss Kay taught them this week. The children really enjoyed making their own colourful caterpillars with different arts and crafts materials. The children had lots of fun creating their own things with the small connector blocks inside as well as creating houses with the big connector blocks outside.
