

# Starfish Daily Stories

# Stacking Cups

The stacking cups were very popular this morning. Charlotte, Norah, Amelia and Maddie were all playing with the blocks together and Miss Jayah helped show the children how to stack them. The children were very good at knocking them over. Harlow also played with the cups.

# Maze Table

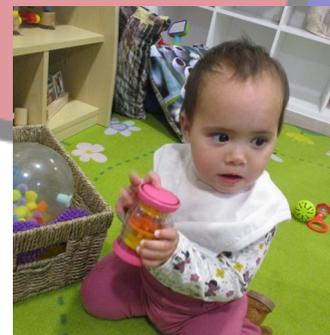

The new maze table is so much fun! The children love pulling themselves up onto it and moving around the objects on the maze. Maddie and Arden seem to especially like this activity and play with it many times throughout the day.

# Musical Instruments

On the green mat the children were exploring all of the musical instruments and toys on the shelves. Musical instruments are always a favourite with our babies as they love to make lots of noise. Musical instruments also encourage fine and gross motor development.

# Individual Interests

Today the children were playing with lots of different toys. Maddie and Arden spent lots of time on the obstacle course, Alina was interested in the musical instruments and coloured sensory toys, Norah was playing with the stacking blocks shape blocks, Charlotte played with lots of different toys today including the mirrors, obstacle course and the pop up toy, Amelia played with the balls and the musical instruments and Harlow played with the obstacle course and the musical instruments.

# Noodles for Lunch!

Noodles are always so much fun to have for lunch. All of the children seemed to enjoy the yummy food that Miss Julie cooked for us. Norah and Alina even had some with us and all of the children seemed to especially enjoy throwing the food around and slurping up the noodles.

# Analysis of learning

LO 1 – Children have a strong sense of identity

LO 1.1 – Children feel safe secure and supported

LO 3 – Children have a sense of well-being

LO 3.2 – Children take increasing responsibility for their own health & physical well-being

LO 4 – Children are confident and involved learners

LO 4.2 – Children develop a range of skills and process such as problem solving, enquiry, experimentation, hypothesising, researching & investigating

## Reflection of the day

Today was lots of fun with lots of babies in our room. The children seemed to love the noodles for lunch and the stacking cups were definitely the activity of the day. Our friend Charlotte is also becoming a lot more settled in our starfish room and building relationships with educators. WELL DONE CHARLOTTE!!!
