

STINGRAY DAILY STORY

HYGIENE

As the children have been having runny noses and coughing we have started reminding them to cough into their elbows so that they don't spread their germs. This morning Miss Briohny encouraged the children to wipe their own noses when they were running and reminding them to put their tissues in the bin. When they had got rid of their tissues we used some hand sanitizer to clean our hands. During group time Miss Briohny asked the children about what they need to do before having lunch. The children remembered that they need to wash their hands. Miss Briohny showed them that they need to push their sleeves up so they don't get wet while we wash our hands.

As the children are starting to take care of their own hygiene we will start on the topic of health and hygiene, talking about germs and the importance of washing our hands.

FELT BOARDS

At the table Miss Briohny put out the people finger puppets with the felt boards. Spencer and Nathaniel looked at one of the family sets as well as the occupation sets of finger puppets. Using their recognition skills Hanson recognised some of the occupations, like the painter and fire fighter. Spencer sorted through the finger puppets with Miss Briohny and lined them up as a family from the baby all the way to the mum and dad, as well as his brother and sister. When Olivia finished with her felt picture she showed Miss Stacey what she had made and told her all about it. The children enjoyed working with the finger puppets as they displayed different professions in the form of teachers, doctors, chefs and postmen, they also displayed family dynamics with grandparents, mums, dads, brothers, sisters and babies.

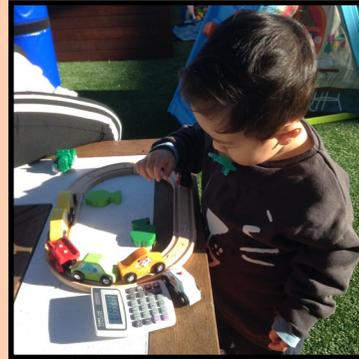

LOL DOLLS

At the table Miss Briohny put out the LOL dolls on the table along with the tree house and the barn from the ponies. The children spent time engaging in solitary play as they explored their creativity and imagination. This activity encouraged the children to express their ideas. Sai spent some time moving the dolls around the tree house while Nathaniel stood the dolls inside the barn. Xin Yan and Violet enjoyed investigating the different dolls.

OUTDOOR

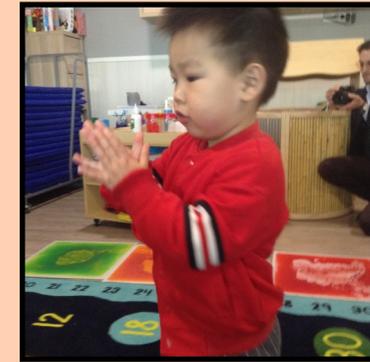

The children enjoyed their time soaking in some sunlight out in the yard this morning. Some blocks were set up in the corner and Nate and Spencer decided to use them as toy water guns and making “brr” noises to imitate shooting noises. Hanson set up the puzzle train tracks with the help of Miss Taylor. He then manipulated the toy cars and trains on the train tracks. Nathaniel, Spencer and Sai got involved in some gardening by watering our plants and flowers in the pot and garden. Thomas browsed the toy rocks with coloured gems in the middle. He would state what the colours of the gems were. Overall, they had lots of fun engaging in a variety of activities during the sunny morning.

MUSIC

After 2 weeks off from Mr B coming to do music with the children, they were very excited to see him. It didn't take much practice before everyone remembered their clapping, stomping, symbols, dancing and freezing that they had learnt previously. Mr B also brought a photographer with him this week and the children liked doing their dancing for the camera. The children are able to sit and focus for much longer during music each week and really enjoy this part of their week.

GROUP TIME

To start our group time this morning Miss Briohny got out the activity dice. Rolling it to the children, they rolled it back before we discovered the activity we were going to do. Using our gross motor skills we spun around, as well as standing on one foot while using our fine motor skills we clapped our hands, touched our nose and our toes as well as putting our hands on our hips. When we were finished we sat down together to read a story. Today's story was "Nipper the Crocodile" while reading the story we talked about the different animals we saw in the story. Once our story was finished we looked at our who is here today wall and discovered which of our friends were here today and who were away.

Analysis of learning

LEARNING OUTCOMES ACHIEVED: LO1, 1.1, 1.2, 1.3, 1.4, LO2, 2.1, 2.3, LO3, 3.1, 3.2, LO4, 4.1, 4.2, 4.4, LO5, 5.1, 5.2, 5.3

Reflection of the day

Today the children explored their creativity while playing with the felt boards and finger puppets while also playing with the LOL dolls. Music started back today after the school holidays. This week and next week we are going to learn about hygiene in the form of hand washing, wiping our nose, covering our mouth when we cough, brushing our teeth and keeping our body clean.
