

Jellyfish and Seahorse's Daily Learning Story

19th of July 2021

Our Train Track Adventure

Miss Jade had set up a “train activity,” that Miss Taylah wanted us to do. We used wooden blocks, plastic looking clear blocks, foam blocks and we added in some leaves from our outdoors yard. Miss Jade then set up our train tracks with little trains and carriages and some vehicles.

We did this as a group activity, **Amelia** went straight towards it and began playing with the mini cars moving them back and forwards, **Tabitha** and **Eleanor** saw the excitement and wanted to play with the trains too.

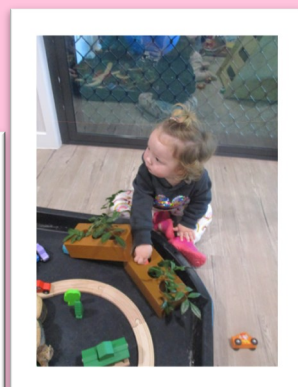

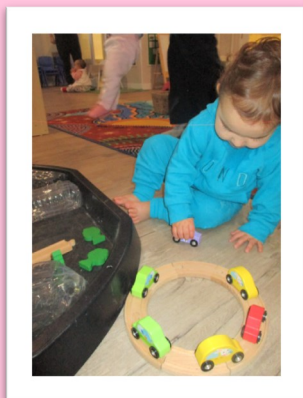

Amal started to play with Miss Jade with the circle track we had mini cars placed around the tracks going super fast in a circle.

Owen watched on and was more interested in observing the action that was surrounding him, Owen was giggling in the background.

Zaidyn got so much excitement out of this activity and loved everything he was so engaged in this group activity. He particularly loves the train and carriage.

Ashlyn and **Ivy** sat by the trough and they would rather hold the coloured trains.

Outdoor Play

After our train track adventure, us educators decided to let the children explore the outside yard.

There was a little obstacle course that was set up for the children to play as well as many books and puzzles scattered on the mat.

Ivy and **Owen** were having so much fun with Miss Megan, she was helping them to walk around the small yard. Both **Ivy** and **Owen** had massive smiles on their faces as Miss Megan held their hands to walk them around.

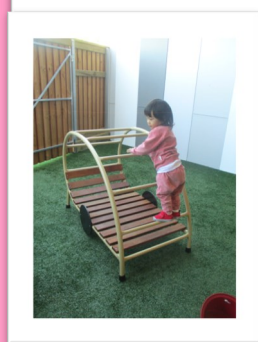

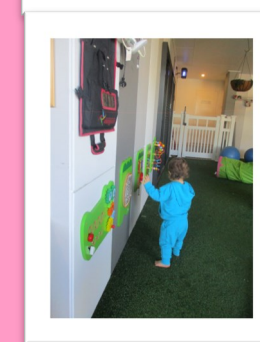

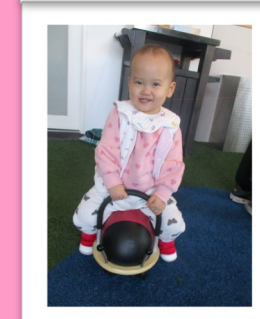

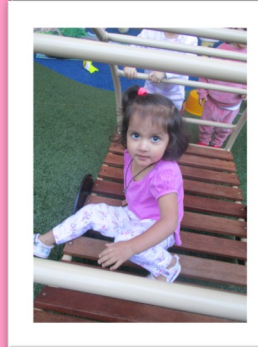

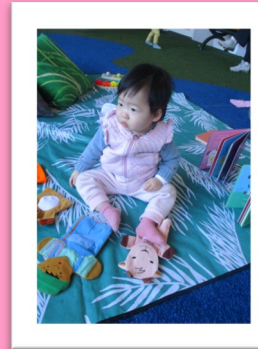

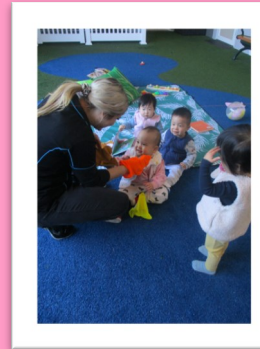

Ashlyn had a massive smile on her face when sitting on the lady beetle, she used her legs to push herself around.

Amal and **Aria** loved climbing all over the climbing frame bus. With a little help from Miss Jade they were able to make their way to the top.

Eleanor, **Amelia** and **Tabitha** loved playing on the obstacle course, all having a go at climbing over all the obstacle frames by themselves.

Ariana and **Zaidyn** loved exploring all the different toys that were scattered around the yard. There were many books and puzzles that they really enjoyed playing with.

Group Time with Miss Jade!

Before lunch this morning, us educators that it would be a brilliant idea to read a story. This weeks story is called 'CHOO CHOO Clickety- Clack'. It's about all the different vehicles, and the sounds that they make as well as what they are used for! The children really enjoyed this book as it was very engaging as they could repeat the sounds that the vehicles make. They especially loved making the sound of a car which was 'beep beep'.

Analysis of learning

Exploring senses
Fine motor skills
Gross motor skills
Building strong relationships
Imagination
Recognition
Connectedness

Reflection of the day

Today was a great way to start the busy week off, with the children from both classes extremely settled throughout the morning. They all really enjoyed playing with the trains today as well as exploring the outside yard. Us educators are looking forwards to the rest of the week!
