

# Jellyfish's Daily Learning Story

20th of July 2021

# Eid Al-Adha Craft

In celebration of Eid Al-Adha the children in the Jellyfish room created a moon using a piece of laminate, black paper hollowed into a moon shape, small yellow pieces of paper and gold glitter, this craft represented the beginning of the celebration in the evening on last night.

While Miss Taylah prepared the craft experience, Miss Zoe sat down at the table and asked some of the children if they were interested in doing art. All of the children showed an interest in the craft and watched each of their friends individually create their own. Throughout the art experience Miss Zoe talked about how the moon rises at night time and some times the moon is full and other times its only half full. They talked about the colour yellow and what that could represent, Miss Zoe talked about how they could represent the stars in the sky, as well as the gold glitter, as Eid Al-Adha continues until the 23rd of July, we are going to continue learning about the culture.

# Inside Play

For indoor play Miss Jade decided to choose a number of activities, Firstly Miss Jade set up the train tracks, we built a “circle,” and a never ending track. **Olivia** and **Harvey** were so engaged in this activity, Olivia even sorted out our mini cars lining them up side by side. Harvey put the little trees by the circle track. **Weixuan** looked on and slowly made his way sitting by Miss Jade and grabbing a train and placing it on the track.

**Amal** really enjoyed the “baby dolls,” today she held one in her hand for a long period of time taking it wherever she went.

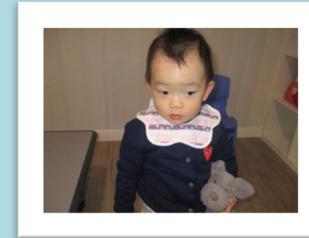

**Hannah** and **Isabella** were playing on the “obstacle course,” together in our room they had their individual bunny and dog with them too making them join in the obstacle course going up and down the climbing ladder. Isabella even loved home corner where she made a variety of pretend meals.

**Arianna** loved the home corner area and so did **Eleanor** they made yummy treats for one another.

**Evan** was really interested in our “book area,” he wanted to read all the animal books on display and liked the visuals in the book.

**Aria** had fun with our assorted “sensory balls,” she liked the one with the feathers and how it was so bouncy.

## Outdoor Fun!

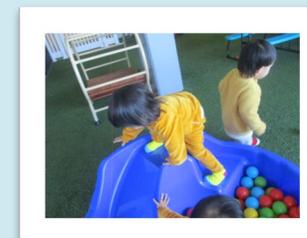

Outside we had so many activities set up for the children to play with, there was a mini sandpit filled with many different toys such as little cars and trains. There was also a ball pit and obstacle course for the children to explore.

**Aria** and **Eleanor** loved playing in the ball pit, the ball pit has a little slide attached to it so the girls were able to slide into all the balls. They both had so much fun playing with this.

**Harvey**, **Evan**, **Ariana**, and **Hannah** really enjoyed playing with the sandpit, they all loved using all the different toys that were in the sandpit. **Harvey** and **Evan** really loved pushing the trains through the sand, whereas the others just loved feeling the sand between the fingers.

The others loved exploring the rest of the yard, they really enjoyed the obstacle course that was set up. Using their gross motor skills to make their way across the course.

# Reflection of the day

The children in the Jellyfish room had a really good day, it was a little quieter than usually as we were missing a couple of our friends. They children enjoyed the spontaneous play indoor and outdoor as well as the planned experience for the day.
