

# Jellyfish's Daily Learning Story

23rd of August 2021

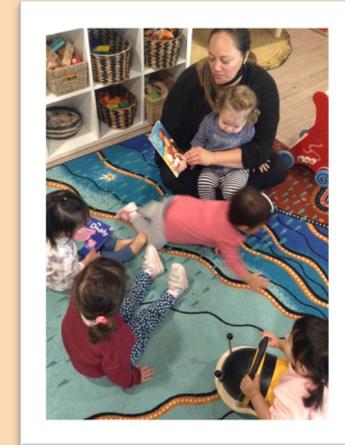

## Group Time

As it is getting closer to Father's Day, for group time this morning us Jellyfish educators thought it would be a brilliant idea to read a story about Father's! This story was called 'The 10 Best Things About My Dad', they girls were extremely excited to read this story when we started talking about 'Dads'. **Ariana, Tiffany** and **Aria** were all saying 'Dad or Dadda' as we turned the pages.

**Amelia, Amal** and **Tabitha** were very interested in this story as well sitting quietly on the carpet listening to Miss Jade read the story. As Miss Jade turned the pages all the girls loved looking at the illustrations displayed in this book!

Group time was a great success this morning with all of the children sitting patiently and quietly on the mat listening to Miss Jade read the entire story.

## Exploring the Colour Red!

This morning a few of the girls were eager to participate in some spontaneous painting. To incorporate some knowledge into this activity the girls just painted with the colour red to get a clear understanding of this particular colour. As the girls painted there artworks Miss Zoe would get them repeat the colour red as they painted the paper plate. As well as painting the colour red on the paper plate they also used the colour red to place glitter all over their artwork. The girls are getting extremely confident in participating in arts and crafts, they are very careful with the paint, as well as taking there time to place the glitter on their artwork. Each of the girls are really improving when using there fine motor skills to complete there artworks. **Amal**, was extremely confident when identifying the colour red, saying 'red' as she painted her artwork! **Aria**, **Tiffany** and **Amelia** also were able to repeat the colour red after Miss Zoe would mention it. **Tabitha** and **Ariana** didn't feel like painting today as they were happily playing with all the different toys in our classroom.

## Spontaneous Play

We had lots of fun this morning, exploring all the different toys and areas that were set up inside and outside today. Outside Miss Megan had set up some blue and green playdough with some playdough cutters and utensils, **Tabitha, Aria, Eleanor** and **Amal** took a big interest in the playdough, they sat down comfortably at the table and started to flatten, fold and roll out the playdough. **Ariana** enjoyed running around the jellyfish yard, laughing, dancing along to the music and playing around with the coloured scarfs. **Amelia** also enjoyed danced along to the music that was playing. Inside **Tiffany** showed a great interest in caring for the baby dolls, she carried around the baby in her arms and was patting its back, pretending to put the baby to sleep in her arms. Also inside **Aria** and **Tabitha** took a great interest in the puppets, musical instruments and train tracks!

# Analysis of learning

- |                            |                       |
|----------------------------|-----------------------|
| Fine motor skills          | Problem solving       |
| Gross motor skills         | Hand-eye coordination |
| Connectedness              |                       |
| Role play                  |                       |
| Creativeness               |                       |
| Becoming aware of fairness |                       |
| Communication              |                       |

# Reflection of the day

Overall today was a great day in the Jellyfish room, with the girls extremely calm and happy. They were all happy to play independently when given the opportunity to play inside and out. All of them were extremely eager to sit down and listen to the story about Father's. Today was a great way to start of the busy week!
